

Tractor rescues car stuck at Boy Scout campsite

Dr. P. T. Demus gives first aid, physical not medical, to bogged down Scouts.

Cold, soaked and no breakfast - but are they downhearted? You know the answer to that - YOUTH.

Civil Defense workers aid in evacuating campers. Left to right, Mayor James Marti, Charles Swanberg, Stanley Williams and Tony Dina, CD director. (Marvin Smith photos)

Deluge Puts Sudden End to Scout Camp-out

The Louis Joliet District Boy Scout camp out in Mokena Memorial park last weekend—the largest affair of its kind in the history of the district—ended abruptly and ahead of schedule early Sunday morning when torrential rains flooded the camp area.

Some 600 Scouts and their adult leaders who had been living under canvas since Friday afternoon found themselves drenched as a result of the heavy downpour that struck around 5 a.m. Sunday.

The Mokena Civil Defense unit and members of the police and fire departments hurried to the campsite and using cars and tractors got the boys and their equipment to dryer quarters. It probably will be another week, however, before bedrolls and some of the equipment will be dried out.

Because of the rains the chariot races scheduled for Sunday afternoon, the family picnic at noon and other events planned had to be called off. The Mokena Scout troop had planned a surprise menu—a whole pig roasted on a spit—but the storm caused cancellation of plans.

The Boys had a wonderful time, notwithstanding the damp finale, and on Saturday some 200 Webelos Cub Scouts joined the camp for the afternoon and early evening.

The Hiawatha pageant dancers from the Elgin Council of Boy Scouts put on a dance at the campfire Friday night and on Saturday night the various troops performed.

Awards in the various competitions, not rained out, were distributed as follows:

Campsite gateways: Richards Street Methodists troop, Joliet, first; Mothers of World War II, Rockdale, second and Mokena troop, third. Fourth place went to Ingalls Park Methodist church, Joliet.

Compass reading: Fox patrol, St. Edward Episcopal church, Joliet, first; Beaver patrol, Mokena troop, second and Beaver patrol, St. Edward church, third.

Knot tying, Apache patrol, Valley View school, first; Fox patrol, St. Edward, second; Apache patrol, Plainfield Methodist church, third; Flaming Arrow patrol, St. Patrick church, Joliet, fourth.

Fire making with flint and steel: Leslie Lindholm, St. Patrick, first; Richard Breen, Christ Episcopal church, Joliet, second; Lewis Akers, Mokena troop, third and Robert Romanowsky, Rockdale, fourth.

String burning: Flying Eagle patrol, Plainfield, first; Hawk patrol, St. Joseph church, Lockport, second; Flaming Arrow patrol, Plainfield, third and Indian patrol, Mokena, fourth.

Tracking and stalking: Panther patrol, First Methodist, Lockport, first; Panda patrol, St. John church, Joliet, second; Apache patrol, St. John

Launch Play Program

Burglars Make \$1,594 Haul at Mokena Oil Co.

Burglars who broke their way into the Mokena Oil Co. plant late Saturday night or early Sunday morning carried off tires, sparkplugs, and cash to the amount of \$1,594 and stole a 1954 Plymouth hardtop owned by Fred Rauch. The car had been left in the oil company garage. It was recovered the next day in Messenger Woods, Homer township.

According to investigators the burglars apparently cut a section of fence to gain entry to the plant and when they left with Rauch's car they broke the lock on the gate and drove out. Entrance to the building was gained by breaking out a panel in a door.

It is believed that the thieves had but one car on arrival but when they found one in the garage they were able to make a larger haul than intended. They tore out the rear seat and an arm-rest in Rauch's car, causing damage that will cost approximately \$160 to repair, and loaded the vehicle with tires.

32 tires ranging in size from 760 x 15 to 800 x 15. Most of the tires were whitewalls, according to Mokena's police chief, James Smetana, and all are Lees. The tires were valued at \$858, according to the police report, and 140 boxes of sparkplugs came to another \$695.

Besides the merchandise the thieves took \$40 in cash.

Observe Flag Day Saturday, June 14

Saturday, June 14 is Flag Day. Proclaimed each year by the President of the United States, it is a legal holiday only in the state of Pennsylvania.

This day commemorates the adoption by the Continental Congress on June 14, 1777 of the Stars and Stripes as the U. S. flag.

Citizens are requested to display the flag on Saturday, using the proper etiquette.

It is the universal custom to display the flag only from sunrise to sunset on buildings and on stationary flagstaves in the open. However, the flag may be displayed at night upon special occasions when it is desired to produce a patriotic effect. It should not be flown in rain or storm.

church, third and Ranger patrol, Valley View school fourth.

Tent pitching, Marquette patrol, St. John church, first; Panther patrol, First Presbyterian church, Joliet, second; Cobra patrol, Ridgewood, third and Beaver patrol, Ridgewood, fourth.

Arrowhead plaques were presented to each troop attending the campout and each individual scout received a patch to wear on his uniform to indicate he was present.

Carl Sandburg Summer School to be Held June 18 to Aug. 1

Carl Sandburg High school will hold the second annual summer school session beginning on June 18, and ending Aug. 1.

All students who enroll in the summer session must attend school for one hour on Tuesday, June 17, to be issued textbooks and be given assignments for the first day of summer school.

The summer session is being offered to enable students who have fallen behind in their

credits to make up work and to enable students who have a heavy class schedule during the regular school year, to take additional courses, which they cannot normally work into their busy schedule.

All checks or money orders should be made payable to Mrs. Rose Sautier, secretary, Carl Sandburg High school, Orland Park, from whom further information may be obtained.

New Lenox Village Board Will Finance Costs of Project

The organized play program sponsored by the New Lenox village council will get under way Monday, June 16, at the Lions Den on Cedar road.

The grounds owned by the Lions will be used for outdoor activities while pastimes suitable for the indoors will be staged inside the Den, as the club's headquarters are known.

Ronald Larsen, wrestling coach at Lincoln-Way high school, will be in charge of the program and his aide will be Carol Werner honor student at Lincoln-Way who graduated this month. These two will be paid employees of the village.

Volunteer workers will include John Charvat, who is to be in charge of special events such as bike hikes, volleyball, badminton and checker tournaments; Cathie Beattie, story telling and Kathy Berlin, arts and crafts.

Larsen said that other adult helpers will be needed as the program progresses and he is hopeful of getting more volunteers.

The supervised recreation program will be operated in the forenoon from 9 o'clock to 12, Monday thru Friday. Later on there will be some special activities planned for the week-ends.

The activities are planned for youngsters ranging in age from 9 to 14.

When children come to the Lions Den Monday they are asked to bring the following items:

Newspapers, pie tins, string and aprons.

The aprons are needed it was explained, because the project scheduled for Monday may be a bit messy. Miss Werner, who has had considerable experience in the use of papier-mache in the making of masks, figures of animals, puppets and the like, is going to show the youngsters how masks are made.

First, however, the papier-mache must be manufactured and that is where the newspapers and the aprons come in, the paper to be transformed in to papier-mache and the aprons to keep the stuff off clothes while it is being processed. Youngsters who become adept in this will have it made for Halloween. They can fashion the most horrendous masks imaginable and doubtless the Purple People Eaters will get a big play.

The playground idea was one of those adopted by the board to make use of some of the surplus cash with which it wound up the year. Mayor Lloyd Berlin conferred with members of the physical education staff at Lincoln-Way and a program was worked out with the aid of Joshua Lashmet, varsity football coach, and Barbara Sprayberry, who has charge of the girls' physical education program.

C. L. Klasing, past president of the New Lenox Lions club, and Frank Goetschel, the new president, also sat in on the meeting and with the sanction of the club members offered the use of the Den and the grounds.

This has been the first time that New Lenox has had a supervised play program. The Lions purchased some play equipment in the past year that will be put to use and the village will buy more.

There will be badminton, volleyball, horseshoes, croquet and other games.

Mokena has been carrying on a supervised play program for several years now under the auspices of the park board

Joliet Mayor Congratulates Mokena on Its Sewer Project

Start of work on the Mokena sewer system has brought a telegram to Mayor James Marti from Mayor James P. Hennessy, of Joliet.

"On behalf of the city council of Joliet and its citizens, we join in congratulations on the beginning of the construction of the sewer treatment plant and sewer in Mokena. If other communities follow suit it will make our area a much finer place to live. Sincere thanks and congratulations."

Joliet's interest rises from the fact that pollution of Hickory creek poses a problem in that community. Sewage in the creek generates gases that are ruinous to houses and other buildings and also make many persons ill, it was pointed out.

The city of Joliet is putting in a trunk line sewer to eliminate dumping sewage into Hickory creek within the municipal boundaries, and is now urging the state water board and health department to crack down on communities to the east that use Hickory creek to carry off their sewage. It is expected the state will take action.

Frankfort is talking about installing sewer mains and a treatment plant and so had New Lenox but in the case of New Lenox the cost is prohibitive because the town rests on rock, which skyrockets the price for excavating work. Orland Park and Tinley Park are both in the Chicago sanitary district but will have to put in lateral sewers. Tinley may vote on a sewer system this year, it was said.

Orland Village Clerk to Be On Vacation Tuesday

Village Clerk Kenneth Halvorson always keeps hours at the Orland Park village hall on Tuesday nights but next week he will not be there, it was announced, because he will be on vacation.

and Tinley Park is embarking on such a program.

The village board at New Lenox, however, is the first taxing body of the area to underwrite such a program and it is the hope of council members there that it will become an annual affair.

Expect Plane Crash Survivor Will Recover

Condition of the survivor of a plane crash in Frankfort township that took the life of the pilot is reported to be improving and barring complications his recovery is expected.

The survivor is the Rev. Casimir Derengowski, 27, an assistant pastor at St. Barbara church at 2350 S. Throop st., Chicago. He is in Silver Cross hospital, Joliet, suffering from fractures of both hands and feet, several ribs and multiple cuts and bruises about the body.

The pilot was Raymond Tanke, 41, of 2330 Hillock, Chicago. He suffered a broken neck and was apparently instantly killed.

The crash occurred about 7:30 o'clock Sunday night at the height of a severe thunderstorm that was accompanied by high winds.

The two men were enroute Chicago from Mokena in a single engine small plane. As they passed over the Herman Barlow farm, which is about three quarters of a mile west of U. S. 45 off the first gravel road north of U. S. 30, the plane apparently forced low by the storm, struck some tall trees, estimated to be about 100 feet high.

The plane dove into the ground.

Don W. Lorenz, a tenant on the farm, later told investigators that he had heard a plane that appeared to be flying quite low and thought it was a helicopter. In the meantime Father Derengowski managed to extricate himself from the wreckage and despite his broken hands and feet, succeeded in crawling or walking to the Lorenz home, a distance of about two blocks and asked for help.

Will County Coroner Willard G. Blood and State Trooper Richard Perkins went to the scene of the crash but the going was so sticky that a tractor had to be used to reach the wreckage.

Tanke was a member of the International Brotherhood of Electrical Workers. Coroner Blood has not yet set the date for the inquest.

Open New Service Station at Orland

A new gas station has opened at Orland Park. It is located at 146th st. and route 45 and is owned and operated by Mr. and Mrs. Henry Koltz and sons, who have been residents of Orland Park for the past 22 years. Mr. Koltz is a former employee of the International Harvester company at Melrose Park.

The Klotzs also operate the restaurant and motel at the same location, and altho the gas station is not quite completed they are now open and giving service to the public. They will announce their grand opening in a short time.

CRASH WAS FATAL to the pilot but the passenger escaped when this small plane crashed on the Barlow farm southeast of Mokena during a thunderstorm Sunday night. (Marvin Smith photo)

SHOOT SNIPES—There's nothing—and he definitely means means to say nothing—like a good cigar to get between one's teeth after a hard day's work at the gas station operated by Clarence Harwood at Frankfort, according to Jackie, the cigar chewing Boxer who belongs to Harwood. Anyone who lays a cigar down within reach of Jackie may as well tell it goodbye because Jackie is fast indeed on the pick-up. He just likes to hold them in his mouth, rolling them from one side to the other. But Jackie never lights one—he has no place to carry matches. (Marvin Smith photo)

Have A Gripe About Your Taxes? Tell It to the Board of Review

By MAURICE W. SCOTT.
Executive Secretary Taxpayers' Federation of Ill.
An agency authorized to hear the complaints of aggrieved taxpayers and adjust inequities in assessments has existed continuously in Illinois since the advent of the general property tax in 1839. Today in all downstate counties this review-process reposes in the board of review, made up of the chairman of the board of supervisors and two appointees of the county judge in township organization counties, and consisting of the three county commissioners in the 17 commission organization counties. St. Clair county operates under a special statute and has an elected board of review of three members, while in Cook county the reviewing board, called board of appeals, consists of two elected members.

The year 1958 is important for both the taxpayer and the board of review, because this is a quadrennial assessment year in the 101 downstate counties. During the assessment period this year the local assessor his deputy shall according to statute, actually view and determine the value of every parcel of real estate. Publication of the assessor's list of valuations is required on or before July 10 in counties of less than 150,000 population, or by Aug. 10 in counties over 150,000 population but less than 500,000.

Therefore, taxpayers should watch their local newspapers for not only the publication of real estate assessments, but for personal property assessments as well. If a taxpayer feels that his assessment is out of line with comparable property, he can make com-

writing, on forms provided by the board of review by Aug. 1 in counties of less than 150,000 population, and by Sept. 1 in counties of 150,000 or more but less than 500,000 inhabitants. Effective this year it is mandatory that boards of review equalize assessments within a county. But in exercising this duty, the board shall not in any one year increase the aggregate assessment of any district by more than 25% of the equalized valuation of such district for the previous year.

Boards of review must meet by June 16 this year and adjourn as follows: On Sept. 7 in counties of less than 50,000 inhabitants; on Oct. 7 in counties of 50,000 to 75,000 inhabitants; on Nov. 7 in counties of 75,000 to 100,000 population; and on Dec. 7 in all other counties. However, these adjournment dates have been interpreted by the Illinois supreme court as directory and not mandatory.

Inoculation of Dogs to Begin June 16

For the convenience of dog owners, inoculations will be held at the Kalott Kennel, at 6035 W. 167th st., Tinley Park on the following days: June 16 thru June 21, from 1 p.m. to 5 p.m. daily, also Tuesday and Thursday evenings 6 to 8 p.m. The dog inoculations will be handled by Dr. L. M. Webb.

The \$3 charge is a little higher than last year because the county has raised the cost of rabies tags from 50c to \$1. The regular fee for inoculation of dogs by a veterinary ranges from \$4 to \$5.

Too Many Quacks Can Spoil Budget-Mason

By CONG. N. M. MASON (15th Illinois District)

Left-wing Democrats and CIO leaders are screaming to high heaven that the economy is in terrible shape, that unemployment is increasing and will continue to increase, and that deficit spending must be restored to for all kinds of government projects in order to cure the patient.

The May issue of the CIO-AFL NEWS carried headlines "Economy Stagnates—Jobless Rate Up." Union leaders are cheek-by-jowl with the left-wing Democrats in their efforts to panic the patient into believing he is much worse than he is. The quacks preaching "economic democracy"—Reuther, Truman, Sen. Humphrey, and Averill Harriman—are spending their socialist-labor doctrine assiduously, taking full advantage of the present recession.

Laon Kyslering, President Truman's economic advisor, has joined the quacks. In the spring issue of the INDUSTRIAL UNION QUARTERLY he blames the present recession upon the Eisenhower Administration, claiming it was deliberately planned by the administration, aided and abetted by the Press, the Radio, and the TV agents, all agents of "powerful interest."

Of course this charge is absurd on the face of it. What administration and what powerful interests would deliberately bring on a recession? A recession is the last thing in the world any party in power would promote.

If the New Deal Democrats and the CIO leaders, joined by Truman and Kyslering, can by their screaming bring about a sure enough depression, they will stampede the

congress into a "prime-the-pump" spree that will result in a \$10 billion deficit. Then annuities, and pension will further depreciate. Following that will come a financial debacle that WILL "make your hair curl."

This is not time to follow the advice of quacks. A balance budget is the first step to stop inflation.

"Booms and Busts" in U. S.

The United States from early colonial time has experienced "boom and bust" periods. The booms periods usually come during wars while bust periods usually follow wars. Booms are created by unusual demands upon the economy with resultant excesses in production and excessive enthusiasms engendered in the managers of industry. All thru our history man has tried to enjoy the booms and avoid

paying for them by undergoing the busts that inevitably follow boom excesses.

We have had eight real boom and bust war periods during and following the French and Indian War of 1760; the Revolutionary War, 1775; the War of 1812; the Civil War, 1861; the Spanish-American War, 1896; World War I, 1916; World War II, 1941; and the Korean War, 1950. We have also had a dozen or more smaller boom and bust periods in between wars, caused by excessive land speculation, railroad expansion, banking expansion bringing about financial crises, collapse of Insull Public Service Empire, etc.

Today the Administration at Washington is busy devising artificial means of avoiding the period of adjustment that must follow the boom period

of recent years. Washington is attempting to drive away the only cure for excessive production—whether farm or factory production—namely, a period of adjustment, inventory reductions, etc. These adjustments take time, but when made form a sound, healthy base upon which a new forward movement of the economy can start.

Governments may by wise and sound action soften the impact of excessive production periods, but an adjustment period must take place before the nation's economy can go forward.

In 1929, the railroads had a net income of \$897 million. The 1956 figure was close to that—\$876 million. But, due to inflation, the 1956 income had a buying power of only \$476 million when measured in terms of 1929 dollars.

Congressmen are not required by law to attend any session of Congress.

Nation to Celebrate Flag Day Saturday

Raising flag at Orland NIKE base

Editorials-

The Stars and Stripes are still flying. Our nation's banner has been floating now for 181 years. With God's help and our own courage there is no reason why it should not be here for another 181 years.

The nation will observe Flag Day on Saturday, June 14th is the day set aside for such observance because it was on June 14, 1777 that the Continental Congress adopted the Stars and Stripes as the national flag.

That it has been kept flying over our land for almost two centuries attests to the hard-work, intelligence, wisdom, perseverance and courage of the men and women who have built this nation.

To keep the flag flying another two centuries will require constant application of these same qualities.

We are confronted with threats of war—hot and cold, space and terrestrial—and fear of what the future may bring has gripped many persons. Our fathers did not have the ballistic missile and the H-bomb to contend with but they were confronted by other dangers, that

for the times were just as real, just as perilous as those we face today, yet they kept on.

Man has always lived in fear. Practically every generation from the beginning of time, has been threatened with perils and possible extinction. Our situation today is nothing new.

We live in a great country. That our form of government is superior to the socialistic and communistic forms is clearly evident from our history and the conditions under which we live.

We are a great nation. Don't let anyone ever tell you different. But we can't afford to sit down and fold our hands. The liberties and freedoms we enjoy were won the hard way and to keep them we must work persevere, exercise our intelligence and be ready to fight if necessary.

Flag Day is not a legal holiday but Congress has empowered the President to proclaim it as a day to be observed by all citizens of the United States and it has been so proclaimed.

So on Saturday break out the star spangled banner—and long may it wave!

Letter to the Editor

Editor:

I was interested in your editorial comment entitled "The Tax Bell Tolls for You!". Inasmuch as this editorial dealt with the forthcoming Congressional elections and your desire to defeat candidates who may be considered "free wheeling wasteful spenders", I would like to comment on this. Though your test for voting should not be considered as partisan, I would still like to expose some well-known myths.

(1) That Republicans are all economy-minded and can better conserve some of the taxpayers' interests—namely cutting down taxes and government spending. The fact remains the present administration is spending more money than ever before.

(2) That Republicans are more deft in fighting inflation wherein in fact they have substantially contributed to our recession by having pursued a deliberate "tight money policy." At the same time inflation is still as rampant as ever—an unusually anomalous situation indeed.

(3) That Democrats per se are reckless spenders, socialistically inclined or are totally unconcerned about how our tax dollars are spent.

(4) That the way to cut down spending is not to appropriate for same or cut off supply, as advocated by Congressmen Mason and McVey, is almost like the lawyer advising his client, who is proceeding to the electric chair not to sit down.

There is no question we need a sound economy, a stable dollar and a lessening of our tax load. But those well-meaning but extreme conservatives who believe in economy "uber alles" do us a disservice too, just as those extreme free-wheeling spenders you talk about do us a disservice.

Moderate minded Congressmen of both parties should see the vast, complex and perilous problems confronting us, not through rose-colored glasses, but through the desire to weigh the essential needs of the people with the best interests of justice.

Former Senator Lehman recently stated what he considered to be the essential beliefs of a good Congressman—namely:

- (1) He is one who believes in equality and loves freedom.
- (2) He is one who has a concern for the underprivileged.
- (3) He is one who has a passionate respect for justice.
- (4) He is one who believes in the universal brotherhood of mankind.

I think it better to include the above as a test for choosing Congressmen along with cutting down our taxes.

Sincerely yours,
LELAND H. RAYSON
Democratic candidate for the Congress 4th District.

Auxiliary Police to Build Blood Bank

The Auxiliary police of Will County will build a blood bank for members and their families and in case of emergency, for someone with a rare blood type.

A file of donors will be kept

home about two months ago, contracted pneumonia.

She was born in Germany May 16, 1883. There are no survivors. Her husband, Fred, died Nov. 4, 1957.

AN OVERFLOWING SEPTIC TANK—brings disgust and frustration to the face of John Leonhardt, of 17453 Harlem ave., Tinley Park, as he views the bubbling mess. His son, Kirk, 10, prefers to inspect the pool from the breezeway where the odor is not so strong. The condition comes with each heavy rainfall, and is becoming steadily worse. The heavy rains this week brought inconvenience and discomfort to many in the area who had not previously suffered from seepage.

(Marvin Smith photo)

Six Area Students In U. of I. Will Receive Degrees Saturday

Six residents of this area will be among the 2,958 candidates for degrees at the University of Illinois Commencement Saturday, June 14, in Memorial stadium, at 10 a.m. Graduates from this area are:

Ralph Yunker, B.A., E. Third st., Mokena; Sheldon J. Hauck, B.A., 124 Gum st., Lester C. Luther, B.S., Francis road and Arthur A. Myrberg, Jr., master of science, all of New Lenox; John C. Sahlin, B.A., 16541 Fulton terrace and Sharon E. Zirbes, B.A., 17801 Ridgeland ave., Tinley Park.

The graduating class this year tops that of 1957 by 200 students and is the largest since 1951. The number includes 2,110 who will receive bachelor degrees and 848 who will get higher degrees.

An honorary degree is to be conferred on Mrs. Agnes Chase, 89, of Washington, D.C. A native of Iroquois county, Illinois, Mrs. Chase, a distinguished botanist and one of the leaders in that field, reached such eminence without formal training. This honorary degree she is to receive Saturday will be her first, it was stated.

Prof. Thomas W. Baldwin, world-famous Shakespearean scholar who retires from the U. of I. faculty this year, will be the commencement speaker. David D. Henry, university president will confer the degrees.

In the event of rain the program will be held in the George H. H. Ruffalo gymnasium—in two sections—10 a.m. and 2:30 p.m.

As of mid-1957, industry's average capital investment for each production worker was about \$16,000—an increase of \$1,200 in a year.

Community Bible Church to Hold Vacation School

"Exploring God's Wonders" will be the central theme of the daily vacation bible school to be held in the home of the Rev. Paul Eldridge, 17100 S. 70th Ave., Tinley Park, June 16 to 28. The Rev. Mr. Eldridge is pastor of the Community Bible church.

There will be classes for all ages from three years and up. The nursery class lesson theme is "God's Big World." Beginners will learn of "God's Word and God's World." Primaries will find "God's Family" their lesson plan. The juniors will learn how to use "The Christian's Time and Talents" while the intermediate group teachers will be "Answering the Ways of Young People." There will be a special class for adults too.

To make it possible for full families to attend, the directors of this school have decided to hold it in the evening, from 7 to 9, Monday thru Friday.

In addition to study there will be games, singing, handicraft projects, and musical treats. On Saturday, June 21, all the pupils will journey to the airport for a tour. On Saturday, June 28 the DVBS pupils with the Sunday school pupils will have a picnic.

At present, the Community Bible Church is conducting its Sunday services in the Tinley Park village hall.

National Review reports that both political parties are blue over dried-up sources for campaign funds. The money just isn't appearing in the desired amounts.

CHRISTIAN SCIENCE CHURCHES

Man's God-given safety and protection will be emphasized at Christian Science services Sunday in the Lesson-Sermon "God the Preserver of Man."

The Apostle Paul's healing of Eutychus, the young man who "fell down from the third loft, and was taken up dead" (Acts 20), will be included in the Scriptural readings.

Selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include the following (424:5): "Accidents are unknown to God, or immortal Mind, and we must leave the mortal basis of belief and unite with the one Mind, in order to change the notion of chance to the proper sense of God's unerring direction and thus bring out harmony."

The Golden Text is from Psalms (121:7,8): "The Lord

Would Increase Lot Sizes at Orland Park

A hearing is scheduled for July 7 before the Orland Park zoning board of appeals on the question of increasing lot sizes.

Present regulations set the minimum size of residential lots at 7,500 square feet. The proposed change would make 10,000 square feet the minimum for all lots.

It has been found by experience that the long, low spread type homes, usually with wide eaves, so popular today are too large for the smaller sized lots.

A building permit to erect a gasoline station on Route 7, immediately north of an existing station, was approved by the Orland Park village board Monday night.

Jessie Casperson, Tinley Resident, Succumbs at 72

Funeral services for Mrs. Jessie A. Casperson, 72, who lived at 17247 Central ave., Tinley Park, were held Thursday, June 5. The Rev. James W. Montgomery, pastor of St. John's Episcopal church, Floss moor, officiated. Burial was in Oakridge cemetery.

Mrs. Casperson died June 2

St. Michael's Guild to Have Country Fair on June 22

Story hours and film cartoons for youngsters will be one of the features of the third annual Country Fair to be staged by the women of St. Michael's guild at Orland Park.

The fair is to be conducted June 22 from noon to 10 p.m. in the parish auditorium.

The theme for the sales booths this year will be a world tour. Each booth will represent a foreign country with souvenirs and foods usually identified with each.

The Rev. Frank Coyle, pastor of St. Michael's, will serve as the auctioneer to dispose of articles at various booths. Proceeds from the fair will go to the parish school fund. Mrs. James Cahill is general chairman and Mrs. Len Heinen is to be in charge of refreshments.

in Hazel Crest hospital after a lengthy illness.

Mrs. Casperson is survived by two children, a daughter, Mrs. Gladys Spiess, of Chicago, and a son, Willis Casperson, of Tinley Park, also one grandchild and one great grand child. Three sisters also survive. They are Mrs. Lottie Percy, Mrs. Antonette Margaret, and Mrs. Bessie Argessingier, all of Muskegon, Mich. Her husband, Louis, died in 1956.

Plan Benefit Dance for Ronald Nelson; Set for June 21

A benefit dance for Ronald Nelson, 19, of Third st., Mokena, injured several months ago in an accident while he was working, is to be staged by the Mokena Teen club June 21. The dance is to be held in the VFW hall on Wolf road. Tickets may be purchased from Teen Club members or at any of the Mokena business establishments. The dance will begin at 8 o'clock a week from Saturday night. Nelson was injured when he caught an arm in a cement mixer while working for Don Miller, formerly of Mokena.

Mrs. Kittel Dies in Nursing Home; Rites Yesterday

Funeral services for Mrs. Sophie Kittel, nee Ross, who died last Sunday at Maple Farms Convalescent Home, Midlothian, were held yesterday from the Schmaedeke Funeral home to the Orland Park Methodist church. The Rev. Robert L. Plastow officiated. Burial was in Chapel Hills Garden cemetery, Worth.

A long-time resident of Orland, Mrs. Kittel who was recuperating from an operation as a result of a fall in her

the tornado's path. Tornadoes usually move ahead at about 25 to 40 miles an hour.

2. If there is no time to escape, lie flat in the nearest depression, such as a ditch or ravine.

If in a city or town:

1. Seek inside shelter, preferably in a strongly reinforced building. Stay away from windows.

2. In homes: The southwest corner of the basement usually offers the greatest safety, particularly in frame houses. People in houses without basements should find other shelter, preferably in a storm cellar, altho a ditch or ravine can offer some protection. If time permits electricity and heating appliances should be shut off. Doors and windows on the north and east sides of the house may be open to help reduce damage to the building.

If in schools:

1. In city areas: If school

Tornado Season At Hand

Experts Suggest How to Minimize Perils

With the tornado season at hand the National Board of Fire Underwriters is sending out suggestions as to what to do when one has knowledge that a twister is approaching.

Not too many years ago tornadoes were rather uncommon in the northern states but now adays it seems that tornado alerts are issued with almost every forecast of thunderstorms. Last weekend was an example. A tornado alert was on in the area for several hours Sunday.

Some meteorologists claim there are no more tornadoes now than in former years but that with improved sources of information and communication the public hears of more of them.

Whether there are more tornadoes now or not, they are just as destructive as ever and behave as always. Tinley Park was hit by a tornado about two years ago. There was no loss of life but about a dozen

homes damaged, three of them having been demolished.

To help save lives and property the Underwriters advise as follows:

Keep calm! Getting excited will not help. Persons have been killed by running out into streets and by turning back into the path of a tornado.

Tornadoes cover such a small zone, as a rule, that relatively only a few places in a warned area are directly affected.

Keep your radio or TV turned on for bulletins from the weather bureau but do not call a weather bureau—except to report sighting a tornado—because such individual requests could tie up telephone lines needed to receive special reports or relay information to radio and TV for dissemination to the public.

If you are in the open country:

1. Move to right angles to

the tornado's path. Tornadoes usually move ahead at about 25 to 40 miles an hour.

2. If there is no time to escape, lie flat in the nearest depression, such as a ditch or ravine.

If in a city or town:

1. Seek inside shelter, preferably in a strongly reinforced building. Stay away from windows.

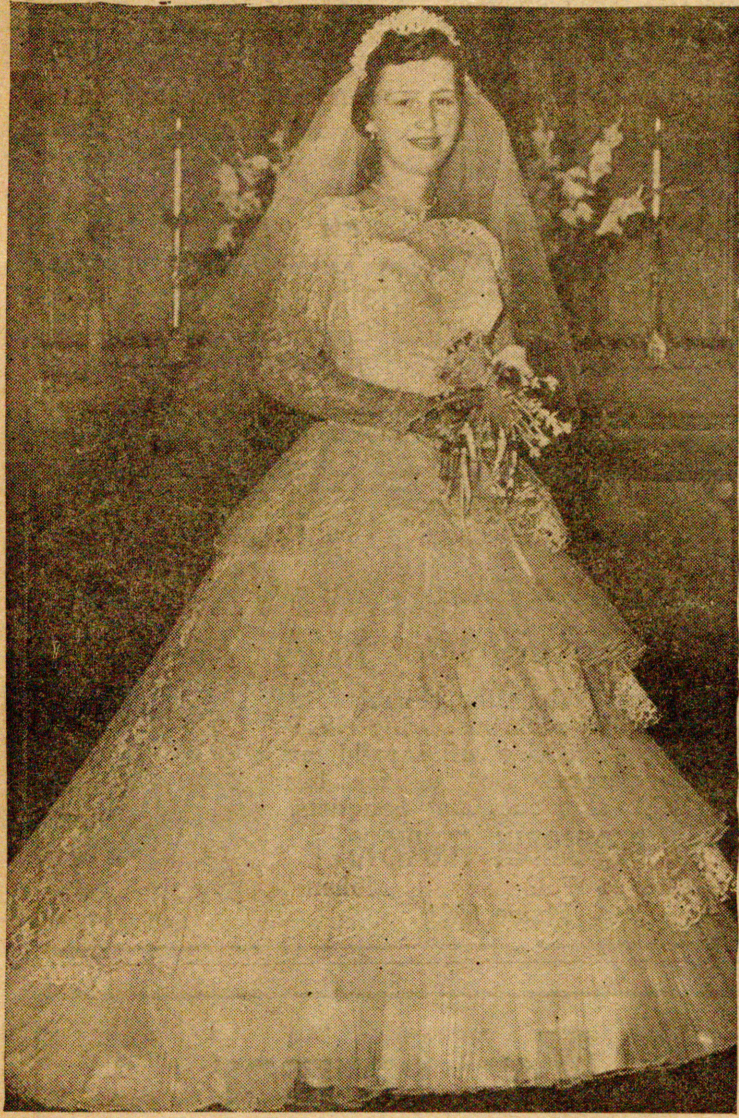

2. In homes: The southwest corner of the basement usually offers the greatest safety, particularly in frame houses. People in houses without basements should find other shelter, preferably in a storm cellar, altho a ditch or ravine can offer some protection. If time permits electricity and heating appliances should be shut off. Doors and windows on the north and east sides of the house may be open to help reduce damage to the building.

If in schools:

1. In city areas: If school

Mrs. Howard Woodman

Anderson-Woodman Nuptials Are Solemnized At Frankfort

Emogene Anderson of Frankfort and Howard Woodman of Matteson were married in St. Peter's Evangelical church Frankfort at a double ring ceremony on May 17. The Rev. Erich Bizer officiated.

The bride is the daughter of Mr. and Mrs. John Anderson. The groom is the son of Mr. and Mrs. Garrett Woodman.

The church was beautifully decorated with gladioli and mums. The candelabra was lighted by Gary Anderson and Debbie Larson.

Donna Miller played appropriate music on the organ.

The bride, escorted down the aisle by her father, was radiant in a white lace dress with sabrina neckline appliqued with iridescent pearls. The skirt was tiers of pleated tulle, ending in a chapel train. She carried a bouquet of stephanotis centered with a white orchid. The illusion fingertip veil had a halo crown of iridescent pearls. She wore a pearl necklace, a gift of the groom.

The matron of honor, June Woodman, wore a floor length gown of shrimp chiffon and picture matching hat. She carried a bouquet of white carnations and blue daisies.

Sandra Watkins and Connie Piepenbrink, the bridesmaids, were also dressed in floor length shrimp chiffon gowns with matching picture hats and carried white carnation and blue daisy bouquets.

The flower girl Diane Watkins, was dressed similarly as the other attendants. She carried a basket of white petals. Clifford Woodman served the groom as best man. Sid Cowger and Ken Piepenbrink were ushers.

The bride's mother was dressed in a blue silk gown over pink satin. Her hat and gloves were also pink. Her shoes were white. She wore a corsage of pink sweetheart roses.

The groom's mother wore an aqua chiffon gown over aqua taffeta with white accessories and a corsage of pink sweetheart roses.

Attending the wedding were the grandparents of the young couple; Mr. and Mrs. Clarence Watkins, of Wisconsin, and Mrs. Josephine Woodman, of Chicago.

Approximately 450 guests attended the reception which followed the ceremony in the American Legion hall in St. George.

Mr. and Mrs. Howard Woodman are now living at 138 Pacific, Frankfort, after spending a honeymoon in Florida.

The bride is employed at Hedges Clinic in Frankfort. The groom is a draftsman at the Thrall Car Manufacturing Company in Chicago Heights.

Zion Lutheran Aid Plans "Pickateria" Supper for July 23

The Ladies Aid society of the Zion Lutheran church will hold a "pickateria" supper July 23. The plans were announced by Mrs. Victor Pokorny at the June 4 meeting. Mrs. Cecil Taylor is in charge of tickets for the affair and Mrs. Melvin Rensink as co-chairman.

There were 26 members present at the meeting which opened with the singing of the hymn, "Savior Like a Shepherd Lead Us." The devotions were given by Mrs. William Lanfrusti.

The Sew and Sew group will meet in the home of Mrs. Victor Propp at 1:30 p. m. June 18. The rag rug committee reported they will not meet for a while since they have a supply of rugs on hand.

Refreshments were served by Mrs. Edward O'Neill, chairman, Mrs. William Marquardt, Mrs. Edward Mohr, Mrs. Frank Krauss and Mrs. George Phillippe. The tables were decorated with bouquets of spring flowers.

Plan Briefing of IFWC Chairmen in Third District

Mrs. William Schultz, Chicago, first vice president and dean of department chairmen of the Third District, IFWC, will conduct a meeting at the Ridge Park fielding house, 96th and Longwood Drive, Thursday, June 19 at 10 a. m. for all district department chairmen.

Department activities for the ensuing year will be outlined and discussed as well as acquainting new chairmen with their duties. Mrs. Edward Durkee, 10401 S. Artesian, district president, will attend.

Cancer Dressing Group
The Cancer dressing group of women will meet June 17 in the home of Mrs. R. H. Douglas, 6341, 167th st., from 10 a. m. to 3 p. m. Those who cannot spend the entire day may leave at their convenience.

Workers are needed to help. Those attending should bring their thimble and scissors and their own sandwiches and dessert and beverage will be served.

It's easy to spot a well-informed person. His opinions are just like yours.

—CHANGING TIMES

A good wife laughs at her husband's jokes, not because they are clever but because she is.

MRS. JOSEPH COLVERT (center), president of the Homewood Junior Woman's Club of Homewood, Ill., wears a \$3,000 smile as she accepts a plaque from James C. Worthy, president of The Sears-Roebuck Foundation, and Mrs. R.I.C. Prout, president of the General Federation of Women's Clubs, during ceremony at 67th national GFWC convention. The Homewood Junior Woman's Club was named at the convention a \$3,000 second-prize winner in the 1956-58 Community Achievement Contest by the Foundation and Federation.

Engagement and Wedding Plans Are Announced

Mr. and Mrs. Joseph Grobarick, 112 E. Front St., Mokena, announce the engagement and approaching marriage of their daughter, Rosemary, to J. Don Heyden, son of Mrs. Agnes Heyden and the late Joseph Heyden, St. Mary's road, Mokena.

The wedding will take place at 10 o'clock nuptial mass the morning of Aug. 2 in St. John's Catholic church, Joliet.

Rosemary Grobarick
Rev. Sylvester Jankola, great uncle of the bride will officiate.

Invitations will be issued, but all relatives and friends are invited to attend both the wedding and reception, to be held at 6 o'clock that evening in St. Cyril's Hall, 704 Henderson Avenue.

Miss Grobarick, a graduate of St. Francis Academy, attended Joliet Junior College and is now employed by the Rock Island Railroad Company in Chicago.

Mr. Heyden was graduated from Joliet Catholic high school and attended Joliet Junior college. He is now attending Parks College of Aeronautical Technology, East St. Louis, where he is affiliated with Alpha Sigma Chi fraternity. He will be graduated in July.

Charlotte Ahnel to Marry Chicagoan

Mr. and Mrs. Harry Ahnell, Orland Park announce the engagement of their daughter, Charlotte Ruth to Edward W. Heidenrich, Jr., son of Mr. and Mrs. Edward William Heidenrich of Chicago.

Tinley Garden Club Will Meet Thursday

Soc. Tinley garden 1-14
The Tinley Park Garden Club will meet Thursday, June 19, in the home of Mrs. Elwood Klepper, 6832 173rd pl., Tinley Park, for 12:30 luncheon. Mrs. Ingram Nielsen of Palos Heights will present a program. Members are requested to notify the hostess if unable to attend.

Orchard Hill Class Presents Play Tonight

The Magicians of Orchard Hill, an original play written by Mrs. Norman Luger, a staff member, will be presented as part of the graduation program of the Orchard Hill Kindergarten on Thursday, June 12 at 7:30 p. m. in the Tinley Park elementary school gymnasium.

This annual event will mark the close of the 11th year of successful operation of the school by Mrs. Natalie Johnson, director. Each year scores of area residents attend the commencement exercises of this unusual school to enjoy the program performed by the pupils of the school.

This year, the children will enact a play. The script is a composite of ideas of the entire staff and was written by the story lady of the school.

Children themselves have painted the scenery and each child plays a part in the play. The story is that of a little girl who learns from the proprietress of the school, Mrs. Ticklefeather, and from her strange helpers, the Magicians who dwell in the House of Attitudes, that numbers, letters, and handicrafts alone are not the only things taught at Orchard Hill. Through the powers of Magicians Try, Good Manners, Work Together, Listen Quietly and Obey Directions, Mary Jane, the newcomer to kindergarten moves about the activities of the morning, learning that consideration, cooperation, and patience must be part of the learning as well as are reading, cutting and pasting.

Following the play, children attending the kindergarten, and garbed in caps and gowns will be awarded diplomas by Mrs. Johnson and her staff. Members of the yellow feather or pre-kindergarten group are also to receive their progress reports.

Officers of Tinley Savings and Loan Take Short Course

Kenneth Katschke, president and Lyle E. Nelson, both of Tinley Park Savings and Loan Association, 17325 Oak Park ave., Tinley Park, registered for the 1958 University of Illinois savings and loan management short course, June 1-4. The course was conducted on three levels, for first year, second year and third year participants, according to Wayne A. Lemburg of the U. of I. Bureau of Business Management, chairman. Hugh Davidson, division of University Extension, was conference supervisor.

Catch 9 Skeeters-Count 'em-9 in District Traps Thru Early May

Too much rain? Too little? Too many mosquitoes? No mosquitoes? What's good for the gardening resident of the South Cook County Mosquito Abatement District is bad for him, and vice-versa.

In its first statement of the 1958 mosquito season, the fourth since its formation, the district has this to say:

"Normal rainfall for the period, Jan. 1 thru May 15 is 10.42 inches. For this period this year, rainfall is only 3.92 inches, or 6.5 inches below normal. For the same period last year, a rainfall of 13.24 inches had been recorded, or 2.82 inches above normal.

"The correlation between mosquito production, rainfall and temperature is well known. Thus far this year, coolness combined with subnormal rainfall has resulted in little or no mosquito production to date, whereas last year at the same time the district's residents were beginning to experience their first discomfort.

"To provide ourselves with factual information on the quantities and kinds of mosquitoes on the wing over the 340 square mile district, we maintain 19 light traps, placed strategically thruout the area. These are automatic traps that operate from 6 p. m. to 6 a. m. daily. These are placed in operation on May 1. In the first two weeks of May this year only nine female mosquitoes

If at first you don't succeed, try, try again. Then quit. No use being silly about it.

Farmers use one-quarter of all the motor trucks in this country, along with more than 4 million tractors.

Soon school will be out. Then our educational problems really will hit home.

Daily Meditation

Read Acts 6:1-8
These that have turned the world upside down are come hither also. (Acts 17:6.)
Sometimes we see "Do Not Disturb" signs on doors to rooms in hotels or hospitals. These signs seem to hang also on the doors of some churches and minds.

We have come a long way since Pentecost, but some of our distance may have been in the wrong direction. Our own comfort, our consciences, our conduct have been dictated more often by respectability than disturbed by the implications of the gospel. Because we have been soothed by the gospel, our response to it does not disturb others—nor transform the world to which we have been conformed.

The early Christians gave themselves up to the power of the Holy Spirit. As a result, they had a disturbing effect on others, who wondered and were amazed. Early Christians had the reputation of turning the world upside down. Because the Holy Spirit prompted them to good works, their jail sentences became titles of honor.

PRAYER
Our Father, when our lives are filled with self, the seeds of unhappiness are sown in us. Empty us of self that we

may be filled with the Holy Spirit. Produce in us such fruit as love, joy, peace, kindness, patience, goodness, self-control, faithfulness, gentleness. In Christ's name. Amen.
THOUGHT FOR THE DAY
As a Christian, what will be my influence today upon persons about me?

Esther Lennen, Writer, (Calif.)
Additional Bible Reading—Revelation 3:1-22.

A spokesman for the Super Market Institute says: "Thru the years, nothing has shaken the super market faith in newspaper space. We know that all business is local. We know that to be really effective advertising must be news. Newsy advertising brings people into stores."

The best way to prevent undulant fever is to eradicate brucellosis from the farm.

TINLEY PARK

TINLEY, OAKS MEET SUNDAY

Weather Raises Hob With Police Schedule

What with rain coming down and water coming up out of the ground the South section of the Cook county Police Baseball league has yet to get the season under way.

The two teams at Robbins are the only members of the South section that have played. The game was played at Robbins but just when has not been ascertained, but apparently it must have been June 8 because there was just too much stuff coming down.

The league has 10 games scheduled and the late start will make it necessary to make up the games later in the season.

Incidentally it was the Robbins Mascots that won the only league contest played thus far. They polished off the Robbins Yank's 20 to 2.

The double header originally scheduled for the last day of the season between Orland Park and Tinley Park has been called off. Instead the teams will play one of the games on the Fourth of July at Orland and the other at Tinley on Aug. 3.

Incidentally the number of teams in the South Section has been reduced from 10 to nine. Midlothian had entered two teams but lack of players caused them to cancel out one of the teams—the Reds. Now that there are only nine teams in the circuit each will have an open date.

Tinley hopes the weatherman will be more co-operative this week-end so it can meet Oak Forest. Originally the first game scheduled between the two outfits was to have been played at Oak Forest but this has been changed. The game is to be played on the Tinley diamond in Memorial park, 171st st. Game time is 2 o'clock and those in charge hope for a crowd.

Oak Forest is to start Lou Kent on the mound while Tinley's starting pitcher will be Allen Mager or Terry Schroeder.

The two teams have met twice in pre-season contests with the Oaks as winners.

The other games scheduled for this week-end are:

Midlothian vs the Yanks, at Robbins.

Matteson vs Rockets, at Markham.

Orland vs Colts, at Markham.

The Robbins Mascots have no game scheduled.

It frequently happens that the self-made man is an outstanding example of unskilled labor.

Pudge's Whittlings to be Shown

at Chicago Heights Culturama

ED "PUDGE" DeGRAFF Whittlings by Ed. "Pudge" DeGraff of Tinley Park will be among the sculpturing exhibits shown at the Chicago Heights Culturama Arts and Crafts Show to be held Saturday, June 14 and Sunday, June 15 from 3 to 8 p.m. at the Bloom High School fieldhouse.

Ed, in his mid-thirties, whittles amusing caricatures of people, animals and birds. His work has appeared in many galleries including the Chicago Gallery of the Association of Artists and Sculptures—an honor never before bestowed on a whittler.

There will be amateur and professional exhibits of painting, ceramics, sculpturing, weaving, photography and photography and general crafts. Working exhibits will include picture framing, loom weaving, ceramics, portrait painting and special industrial arts exhibit from Bloom Township High school. There also will be a special exhibit by the Weber Costello Company on arts and crafts.

Norman Ross Jr., of radio and television, will open the large and varied show at 3 p.m. on June 14. He will act as master of ceremonies and be on hand to meet the public, according to Wallace G. Solum, chairman.

Arts & Crafts Queen Karen Stogentin will preside at this event and will be introduced by Ross. There will be a formal procession of the 13 Cultur-

Tinley Church Loop Launches Season on Softball Diamond

The Tinley Park Church league was expected to officially open the 1958 softball season yesterday when the Methodist and Reformed teams were slated to play. The doubt arises because of the heavy rainfall this week which may deter even the most avid ball players from attempting to play on a soggy diamond.

Teams of St. George and Zion Lutheran churches are scheduled to play Friday, June 13.

All of the league games will be played on Wednesday and Friday evenings, starting at 6:45 p.m. on the new softball diamond at Memorial park. Forfeit time is 7:05.

The church league has become very popular with young people in the community and draws a large number of fans. It was first organized last fall and a very successful and enjoyable season of basketball competition was witnessed.

An even greater number of spectators are expected to join the rank of baseball fans rooting for favorite teams.

Each team will play a 12-game schedule thruout the summer. Team managers are as follows: Eric Nasebandt, Lutheran; George Picker and Tony Kunzer, St. George; Jerry Hug and Ken Webster, Methodist; and the Rev. Roderic Jackson, Reformed.

Following is the schedule:

JUNE
11-Reformed vs Methodist
13-Lutheran vs Catholic
18-M Methodist vs Catholic
20-Reformed vs Lutheran
25-Catholic vs Reformed
27-M Methodist vs Lutheran

JULY

29-Catholic vs Methodist

SEPT.
3-Lutheran vs Methodist
5-Reformed vs Catholic

Johnny Meyers, Wildhaber in Feature Race

Johnny Meyers of Chicago and Willie Wildhaber of Lexington, Ill., will gun for their second feature race victory of the young season Saturday night at the midget auto races in Joliet Memorial Stadium.

Each has won a single main event this year, Wildhaber capturing the feature on opening night and Meyers winning last week. Wildhaber finished second to Meyers last week-end, in both the feature and in their heat race, Tony Lenti, Chicago veteran, was third in both races.

Defending track champion George Sillery of Chicago and Bud Abraham, also of Chicago, are beginning to make their presence felt, as are Don Chapman of Aurora, Ken Rubright of Rock Falls and Willie Wilson of Bensenville.

All won preliminary races last week. In the meantime Noble and Lyman Anfield, who is manager of the Tinley Park police league and also interested in getting a year-round athletic program started for Tinley youth, are hopeful of getting the Vets to sponsor a Golden Gloves team.

Only persons who have been dead for ten years can qualify for election to the Hall of Fame.

Cards Take Opener in Little League Play

The Tinley Park Little League Cards opened the season by beating the Cubs 9 to 8. The winning pitcher was Terry Popp, a newcomer to the major leagues.

Going into the 6th inning it seemed that the Cards would walk away with the game, but the Cubs made it 8 to 8. The Cards came across with the winning run in the bottom half of the sixth inning.

The Sox beat Tinley Park last year's champions 5 to 1. The winning pitcher was Ronnie Siebrant. Billy Kohn of the Sox hit the first home run of the season. The Cubs, behind the pitching of Robert Bartello beat the Tinley Park team 9 to 6.

Major league games are played Monday, Wednesday, and Friday evenings at 6:30 p.m. Minor league teams play Tuesday, Thursday at 6:30 p.m. and Saturday at 2 p.m.

Major League Standings

Teacher shortages are least where salaries are best—children courteous and well-disciplined—parents cooperative—and teaching conditions desirable.

Illinois Education Association

Something New

Ring Show to Precede Ball Game

Something new will be added to the baseball program sponsored by the Tinley Park entry in the Cook county Police league this Sunday.

A boxing exhibition between Ron Bressi, the regular right fielder, and Coach Albert Noble, is to be staged prior to the game. The game is scheduled for 2 o'clock so the boxing should begin at least half an hour before to enable Bressi to catch his breath.

It was pointed out that the boxing would not call for more muscle use than would the usual warm-up exercises before a game and inasmuch as the sparring will be done with pillows, as the 16-oz. gloves are sometimes referred to, neither of the principals should suffer a mark.

Noble, an army sergeant attached to the NIKE base at Orland, is an amateur boxer out of Omaha with a long string of victories to his credit. He was a winner in the heavyweight division of the Golden Gloves and lost out in bid for a berth on the U.S. Olympic boxing team to a man who went on to take top honors in the heavyweight class.

Noble will lecture as he spars Sunday. He hopes that enough interest can be roused in Tinley to form a team for the Golden Gloves next fall.

Two years ago the VFW post at Tinley Park endeavored to start a boxing program in the area and it is understood that Commander Robert Ensenbacher plans to revive interest in such a project. He is expected to put the question up for discussion at the next post meeting.

In the meantime Noble and Lyman Anfield, who is manager of the Tinley Park police league and also interested in getting a year-round athletic program started for Tinley youth, are hopeful of getting the Vets to sponsor a Golden Gloves team.

Only persons who have been dead for ten years can qualify for election to the Hall of Fame.

Fine Mokena Youth After Auto Crash

Warren R. Tomaska, 18, 192nd and Wolf rd., Mokena, was fined \$20 and costs by Justice of the Peace George Williams at Joliet last Saturday for driving on the wrong side of the road, and failure to have his car under control, thus causing an accident. He collided head-on with a car driven by Jerry Collins, 18, Lincolnwood at East Washington st. and Kenbrook ave., Joliet, last Friday afternoon.

Collins is reported to have suffered back injuries. Four passengers in Collins car and Tomaska escaped injury. Riding with Collins were David Novak, 18 and Charles Flory, 15, both of Mokena; Richard Knupp, 11, Lincolnwood and Raymond Bisping, 19, of New Lenox.

Salt content of the Great Salt Lake is high because there is no outlet. The lake loses water only thru evaporation, leaving only the salt.

Tips on Buying Baseball Bats

Have you ever slammed a home run and called yourself one of baseball's all-time greats?

Maybe you just had an ideal piece of wood in your hands, suggests a University of Illinois forestry specialist.

Ninety per cent of all good bats are made of strong and durable ash, says C. S. Walters. But no two bats are alike. One thing to look for when you buy a bat is the grain, which should run the length of the bat. Also, count the number of annual rings across the small end of the bat. The specialist recommends four to 10 rings per inch. The fewer the growth the stronger the bat

Color differences are not important, since the occasional dark streaks of heartwood are just as strong as the normal light-colored sapwood.

If you want to keep your bat for a long time, don't leave it out in the rain, Walters adds. Treat it the same way as you would your glove.

Twig "Fallout" Danger Sign for Your Trees

"Backyard fallout" can be a danger sign for your trees.

This fallout has nothing to do with radiation levels. It is the amount of dead twigs on the lawn after a summer rain or windstorm has passed.

And merely letting the chips fall where they may can sound the death knell for woody sentinels. So warns L. F. Irvine, field representative of the Davey Tree Expert Co., who points out excessive twig fall is a symptom of declining arboreal health.

If your back yard is chronically twig-littered, chances are pet trees need vitals badly along with strategic pruning. Careful thinning alone is a temporary expedient. Providing blue-plate specials of tree food high in nitrogen content is a better answer.

Fed at this stage of the growing season, tree friends may show tangible results of restored vigor in a few weeks with lush foliage and less or twig fallout. However, all feeding is most effective when done on an annual basis.

Feeding trees is a painstaking operation. It is best done by the punchbar or drill method. This means the making of many small holes no more than 18 inches apart. These should be filled with small amounts of the high-nitrogen food.

For clay soils, peat moss rather than top soil should be used to fill the holes after food is applied. This retains water and is a big help in root aeration. Deep watering is a major factor in feeding. Be sure that your trees get adequate drinks in hot weather.

Treat Yourself-Start Vacation Trip With Car In Good Repair

Many an American family has some sort of "get-away-from-it-all" plan on the agenda for the summer. And altho the Chicago Motor club reports an unprecedented interest in travel by public conveyance, most vacationers will travel by car.

Many of these motor trips will be lengthy and will include drives over all types of terrain. This means cars must be in tip-top mechanical condition to stand up under the grind.

The Motor club advises that it is safer and less expensive to have the family car checked by a qualified mechanic before leaving on a trip. As a rule, repairs cost more on the road than at home.

It's a good idea to have your car completely serviced by the man who regularly does the job. And in servicing the car don't forget about your tires. They are essential for a pleasurable, safe trip. Quite often tires which appear sound on

the outside have hidden cracks or breaks inside the casing.

Good brakes are a must for proper safety. In addition to having brakes adjusted, have wheel alignment and balance checked. In this category, it's also wise to have the master brake and wheel cylinders checked for leakage.

Some other important safety checks are as follows:

Check the cooling system. Drain anti-freeze solutions, particularly those with an alcohol base. Use an approved type radiator cleaner. Ask the mechanic to reverse-flush the radiator to eliminate foreign matter.

Check the oil level of the automatic transmission and rear axle. On older cars, check tie rods in the steering mechanism.

Check battery, voltage regulator, and generator. For mountain driving, a low-read-

ing thermostat is recommended.

Have headlights calibrated so the area ahead will be properly illuminated. Make sure all other lights are in proper working order.

Remember: Trips have a much greater chance to be trouble-free if your car is given a thorough bumper-to-bumper inspection before you leave on that vacation trip.

Since 1878 the population of the United States has increased every year.

New Jersey is the only state which elects its governor for a term of three years.

An all-day Safety Field Day is scheduled for June 13 at Knoxville, starting at 9:00 a.m. CST.

St. Jude Grade School Holds Graduation Exercises in Church

By DOLORES ANDERSON
Phone New Lenox 3651
Sunday, June 8 was graduation day for the eighth grade students of St. Jude's school. The children attended the 9:15 mass and received Holy Communion in a body. All the graduates of the parish, including the public school eighth grade, high school and college graduates were also invited to attend with the group.

At 8:00 p.m. graduation exercises were held in the church. After consecration of the graduates to the Sacred Heart of Jesus, Father Victorin Micka, O.F.M. gave the graduation sermon. Fr. Denis Hall, O.F.M. pastor, presented the diplomas and awards.

Those receiving Honor Awards for having attained an average of 95 percent or above in all their graduation exams were: Larry Beaupre, Larry Brolich, Willy Kramer, Susan McCowan, and Mary Ann Wondrasek.

Pins awarded according to ranks as Knights of the Altar were: Knight Commander, Jerry Santerelli; Grand Knights, Larry Beaupre, David Becker, Philip Landry and Charles MacDowell. A perfect choir attendance award was given to Susan McCowan.

Benediction of the Blessed Sacrament concluded the ceremony.

With the closing of school last Friday, several awards were also presented to the other children of St. Jude's school. Perfect Mass and School attendance awards were given to Joan McCollum, Tom Jaklich and Mark Romeo. Awards merited according to ranks attained as Knights of the Altar were: Knight, Richard Cruise; Pages, John Lord, Joe Wajchert, Paul Kestel, Kenyon Kellogg, Thomas Grimes, Wayne Fuchs and Mark Thomas; Certificates: Tom Hartung, Kenneth McPartlin, Michael Kramer, Douglas Kestel, and Frank Wesolowski. Choir members who attained the highest points were: Jeanne Beaupre, Kathy McCollum; Sandra McCollum, Betty Werner, Lynn Wilda, Barbara Zusag, Pamela Brent, Marlene Heisler, Lorraine Kramer and Lynn Kubin.

Mass schedule for the summer will be the same as usual on Sunday, 8, 9 and 10 a.m., weekdays, including Saturdays at 8 a.m. and Holy Days, 6 and 9 a.m.

The 1954 graduating class of St. Jude's School held a Class Reunion Breakfast following the Communion Mass Sunday. Honored guests were Sr. Mary Raphael and Sr. Mary Monica, two of the classmates who have entered the Congregation of the Immaculate Heart of Mary in Tucson, Ariz. Formerly Valerie Heisler and Judy Gable, the Sisters were home for a week's visit. Attending the breakfast were: Phil Lord, Paul Thomas, Jim Beaupre, Marilyn Zusag, Kenne Weber, Jim Carnahan, Shirley Wahl, Bob Eberhard and Pat Landry.

Members of the Intermediate Youth Fellowship class of the Methodist church entertained Tuesday night at a party for the 8th grade members who will be leaving the group upon entering high school. A weiner roast at 7 o'clock was enjoyed at the Silver Chapel in the camp grounds. The Rev. and Mrs. George Martin, the sponsors, chaperoned the group.

Members of the WSCS of the Methodist church enjoyed a potluck supper Wednesday at 6:30 at the church.

Miss Judith Christensen was

of her parents, Mr. and Mrs. Clarence Anderson, 604 South Ogden road, following graduation exercises at Lincoln-Way high school, June 3.

Among those present were: Mr. and Mrs. Alfred Anderson and family of Channahon; Mr. and Mrs. Andrew Anderson and family, Minooka; Mr. and Mrs. Howard Wilkins and family, and Donald Parks, of Joliet; Miss Sandra Wenzler, and Roland Landrev, of New Lenox.

Members of the New Lenox unit of Home Bureau will attend a district meeting Friday June 27 at Highland Park in Joliet, where a cook out will be enjoyed at 1:30 p.m. Mrs. Betty Shinn and Mrs. Mary Chez will give the lesson on outdoor cooking.

Anyone interested in joining the junior life saving, senior life saving, and adult swim classes, given by the American Red Cross this summer, are asked to call Mrs. Stanley Ekedahl, at New Lenox 8330. For the junior life saving class the minimum age limit is 12, and for the senior life saving class, the minimum age is 16.

Mr. and Mrs. William D. Christensen, 712 Pilgrim Terrace, Santa Barbara, Calif., are happy to announce the birth of a son. The infant, named William D. Christensen, Jr., was born June 3. Mr. Christensen, a former resident of New Lenox is the son of Mrs. Clarence Anderson, 604 South Ogden.

Mr. and Mrs. George Rordwell and children Bonnie and Louise, have returned to their home at National City, Calif., after spending a week here with their aunt and uncle, Mr. and Mrs. Wendell Cooper and family, 215 North Pine street.

The name Andrew Platt, was given the infant son of Mr. and Mrs. Ernest Jenkins, 125 Haven avenue, at the christening service, held Sunday morning in the Methodist church. The Rev. George Martin officiated at the service.

Michael Joseph, and Brian Keith, were the names given the sons of Mr. and Mrs. Marshall Jolly, Haven avenue, at the Christening service Sunday morning at the 10:45 service in the Methodist church. Sponsors for the babies were Gary Manning and James Manning of Holcomb, Ill. Also William Jolly and Miss Judith Washburn of Davis Junction, Ill.

A family dinner was enjoyed at the Jolly home afterward with 17 guests present.

Louis Andrew Saxon, was the name given the infant son of Mr. and Mrs. Jerry Saxon, 209 Oscar avenue, Joliet, at the christening service held in the Methodist church Sunday morning with Rev. George Martin officiating. Sponsors for the baby were his aunt and uncle, Dr. and Mrs. Douglas Harlander of Frederick, Wis.

A family picnic dinner honoring the occasion was held afterward at Highland Park in Joliet for 25 family members and friends. The baby received many nice gifts.

Mrs. Lewis Loebe, Oakview drive, entertained in o'clock luncheon for Mrs. her home Monday at a 12 o'clock luncheon for Mrs. Harlander, who was visiting here from Frederick, Wis. Guests were besides Mrs. Harlander, Mrs. Barbara Wyne of Urbana; Mrs. Jerry Saxon, Joliet; Mrs. JoAnn Saxon of Lincolnwood; Mrs. Marie Goldenstern; Mrs. Ruth Peterson; Mrs. Vera Chapman; Mrs. Betty Morrison and Mrs. Bessie Atwood of New Lenox.

Karl Warning who was confined to his home for several days with Scarlet Fever, has now recovered.

GET LESSON IN JUDGING—Members of various Will county 4-H groups watched and listened Tuesday to Fred Francis, of Wilmington, when he went over a number of Black Angus cows on the Ray Powers farm west of Mokena on Francis road and placed them as would be done at a cattle show. The young-

sters had already made their selections and by comparing them with those made by Francis discovered where they had gone astray. This sort of thing helps to train the youngsters in learning how to select cattle, not necessarily for shows, but for their own herds.

Mokena

Registration for Vacation Bible School Remains Open This Week

The Mokena daily vacation Bible school opened Monday, but those in charge of the school stated that registrations are open all this week and next week for those who still want to attend. The Bible school will be in session Monday thru Friday from June 9 to 20 from 9 to 11 a.m. each morning.

The kindergarten and primary classes meet in the Methodist church with Mrs. W. A. Muehler and Mrs. Elias Brown in charge.

The intermediate and junior departments meet in St. John's church with the Rev. Jerald Jackson and the Rev. William Riemann in charge.

The building committee and elders of the Immanuel Lutheran church met last Wednesday with a representative of the Charles Edward Stadel Associates, architect who has been given the work of planning for the new Lutheran church location. In this way the leaders believe they can give to each member of the congregation suggestions offered and also receive suggestions from them.

The Auxiliary of the William Martin VFW post will sponsor a card party in the hall on Wolf road this Saturday evening, June 14 starting at 8 o'clock.

A. V. Dobbs, LaPorte road, was among the 200 employees of the Shell Oil company, and 45 pensioners, representing the Rockford, Peoria and Chicago districts who were honored at a luncheon in the Edgewater Beach hotel in Chicago Wednesday. The guests at the luncheon were all members of the "Ten Year and Over Club" and later attended the Cubs-Braves ball game at Wrigley field.

Mrs. Dean Troxel and daughter Linda Lee left by plane last Wednesday for Portland, Ore., where they were called by the death of the former's father, Harold Curtis. They will visit a few weeks with relatives while there.

The Ladies Aid society of Immanuel Lutheran church will meet this Friday, June 13 at 1:30 p.m. Mrs. Lucille Hostert and Mrs. Ruth Janner will be hostesses.

The annual birthday potluck luncheon will be sponsored jointly by the Women's guild and the Friendly circle in St. John's church Thursday, June 19 at 7 p.m.

The women are making arrangements to serve the church school dinner at its picnic June 22.

The cancer dressing group meets in the church each second Tuesday of the month. Anyone interested in the sewing of such dressings is invited to meet with this group. Also white material is needed and donations of such will be gladly accepted. Mrs. Harry Mall is chairman of this work.

Mr. and Mrs. Edwin Kerburt, of Pipe Creek, Texas, who recently bought the Fairbanks' home on Carpenter and Midland are now nicely settled in their new Mokena home.

Cecil Krusemark left last week for Truman, Minnesota, where he is visiting his brother, Meryle.

Miss Marilyn Cooper, bride elect, has been honored with several bridal showers recently. On May 29, Miss Barbara Martie and Mrs. Dolores Barenz entertained in the Fellow-

ship room of the Methodist church at a miscellaneous shower. The room was decorated in the bride-to-be colors of pink and white with a miniature bride and groom centering the table. A pink and white carnation corsage was given to Miss Cooper.

Games were played with prizes being won by Mrs. Dale Kratsenberg, and Mrs. Willard Martie. Duplicate prizes were among the guest of honor. Among those present were: Mrs. Kratsenberg, Mrs. Martie, Mrs. Ronald Goldenstern, Mrs. Donald Cappel, Mrs. Lyman C. Teague, Mrs. William Bradley, Jr., Mrs. Lloyd Spiess, Mrs. Ronald Shaper, Mrs. Robert Sievert, Plainfield, Mrs. Harold Cooper and the Misses Pat Bowman, Nancy Goldenstern, Ruth Ann Stanger, Rosemary Grobarick and Barbara Sievert. After viewing the many lovely gifts, refreshments were served.

Another party was given last Thursday evening for Miss Cooper in the same rooms by the choir of the Methodist church. All guests were seated at tables formed in a "T" shape and covered with linen spreads. Bride bingo was played with prizes and duplicate prizes awarded. A bountiful dinner followed the activities. An heirloom bed spread was presented to the honored guest by the group. Miss Cooper has been the organizer of the church playing and practicing with the choir for many years.

Mrs. Albert Cappel and Mrs. David McMillan, aunts of Miss Cooper entertained in her honor last Saturday evening, also in the Fellowship rooms of the Methodist church at a miscellaneous shower. Guests were relatives and friends. Decorations were in pink and white and a carnation corsage in those colors were given the honored guest. Games were played with prizes and duplicate prizes awarded. Many lovely gifts were presented to Miss Cooper. The serving of dainty refreshments brought the evening to a close.

Miss Cooper and Mr. Wesley Sievert of New Lenox will be married June 28 in the St. John's church with the Rev. Jerald Jackson officiating.

A double celebration was held at the home of Mr. and Mrs. Willis Guth last Sunday. The occasion of their daughter Shirley's graduation from Lincoln-Way high school and the 20th wedding anniversary of her parents, was marked with an open house from 3 to 8 p.m.

A buffet dinner was served to the 60 guests who came from Peoria, Chicago, Tinley Park, and Frankfort. The Guths received many lovely gifts.

The Guth family lived in Tinley Park for many years before moving to Mokena. A stray dog, spitz and collie, mostly white with black and brown spots, was picked up by Mokena police and turned over to the Orland Park kennel, 143rd and Wolf road, where the owner may claim it.

Embezzlers have been found to have the highest intelligence of any class of criminals.

76 Words...

By Ed Igoo

"...FOR AMERICA TOMORROW, NEXT YEAR, A GENERATION HENCE."

DID YOU KNOW PRESIDENT EISENHOWER HAS SUMMED UP HIS WHOLE PHILOSOPHY OF GOVERNMENT IN JUST 76 WORDS?

...THESE WORDS MAKE UP THE PRESIDENT'S EIGHT PRINCIPLES. HE GAVE THEM IN A SPEECH ON APRIL 17, 1956.

HERE ARE EISENHOWER'S EIGHT PRINCIPLES:

1. No individual is of supreme importance.
2. The spirit of our people is the strength of our nation.
3. America does not prosper unless all Americans prosper.
4. Government must have a heart as well as a head.
5. Courage in principle, co-operation in practice make freedom positive.
6. The purpose of government is to serve, never to dominate.
7. To stay free we must stay strong.
8. Under God, we espouse the cause of freedom and justice and peace for all peoples.

Ervin Friant
MOKENA 4251

New PTA Officers

The last meeting of the PTA for this term was held May 28. New officers installed by Mrs. T. Arthur Shoop are:

Mrs. Harold Lotz, president; Mrs. Loren Collins, vice president; Mrs. Elias Brown, secretary and Mrs. Charles Burkhardt, Jr., treasurer.

Mrs. Jean Clark's first grade room won the attendance award.

Mrs. Robert Hunniford, program chairman presented Frank R. Burrows, Jr., of the Citizens Traffic safety board of Chicago as speaker for the evening, who gave an interesting talk on traffic accidents.

Refreshments were served by the first grade, Mrs. Robert Loftus and Mrs. Fred King, co-chairmen.

Meetings will be resumed in the fall and will be held the fourth Tuesday of each month.

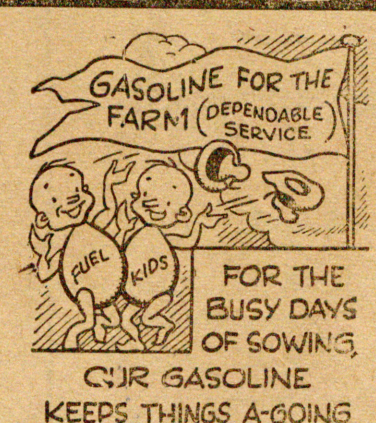

Then there's the vacationing wife who asked her husband: "Have you another cork, dear? This one keeps sinking!"

SPRING FARM TIPS

Avoid costly repairs. Drainout Now!

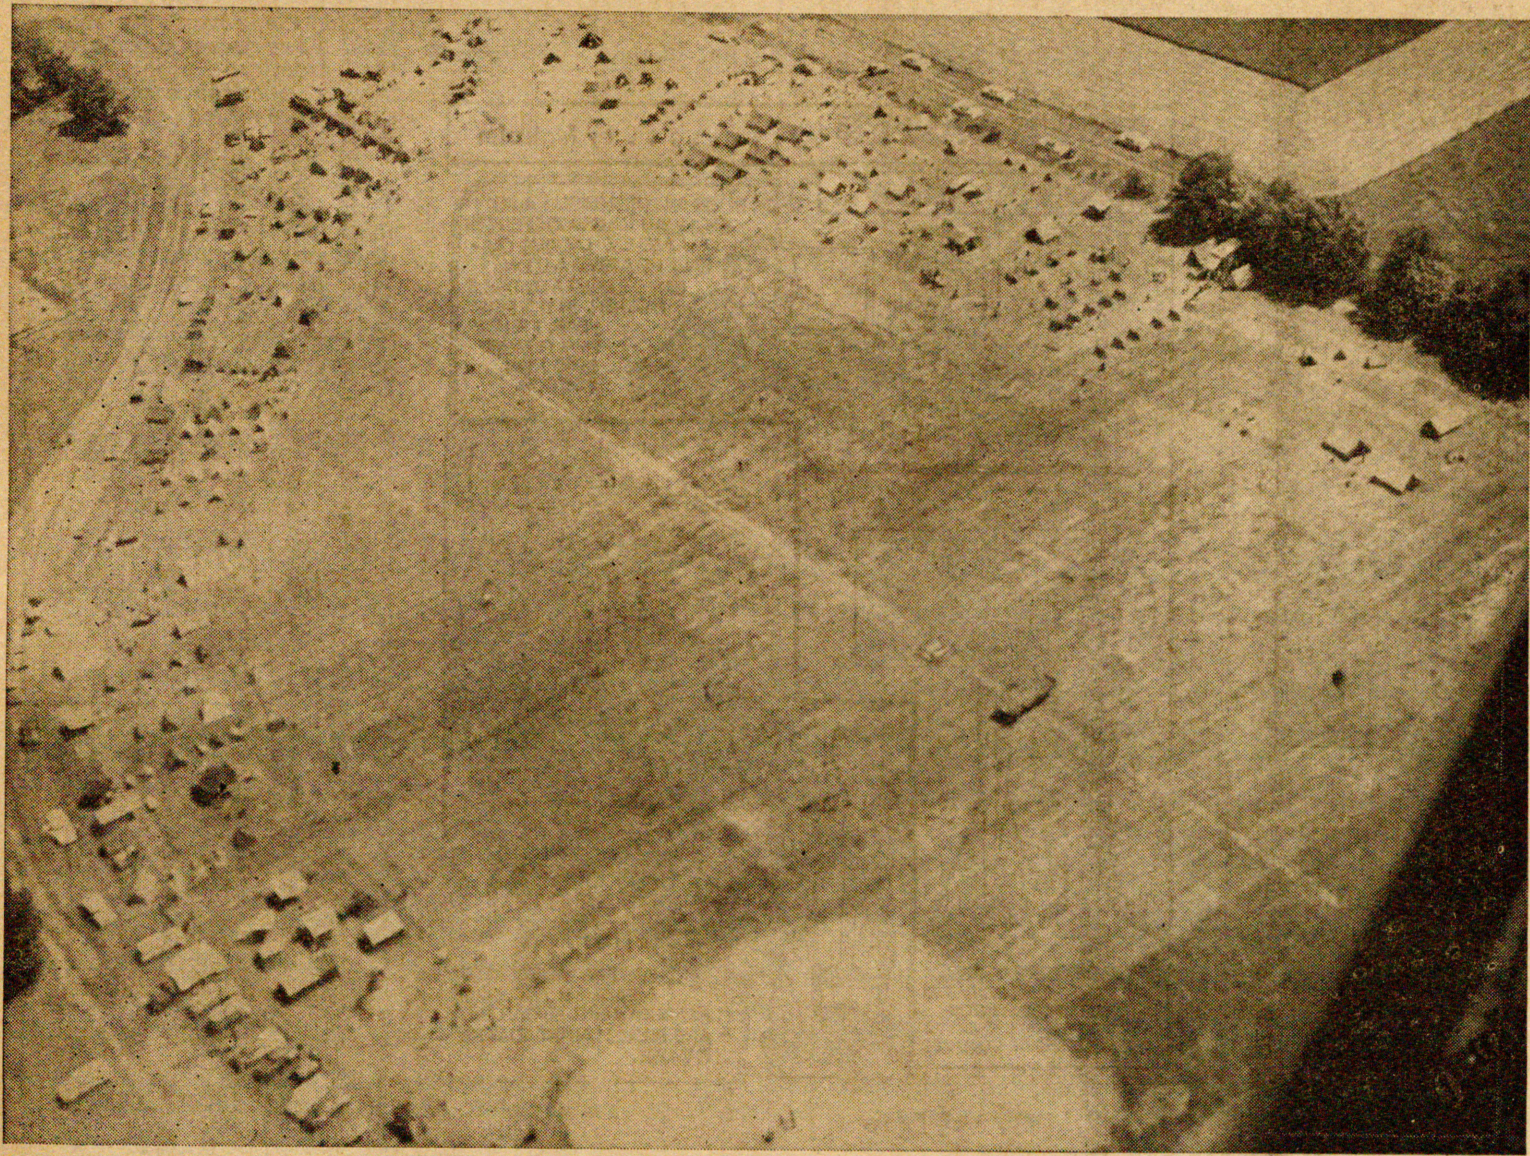

Prevent an overheated engine or more serious damage by servicing tractor cooling system for hot weather duty.

Drain out and discard winter-worn anti-freeze from radiator and engine block... including so-called permanent types.

Check cooling system hoses for leaks or wear. Tighten or replace where necessary.

Refill radiator with fresh water, and add a good rust inhibitor.

THEY SLEPT HERE—some 600 Boy Scouts and their leaders. This is an aerial view of Mokena Memorial park where 26 Scout troops of Mokena Joliet District held a camp-out last week-end.

FARM NEWS

For Cook County by
W. F. Whiteside

assistant farm adviser

I spent three days this week attending the annual summer conference of extension workers at the University of Illinois college of agriculture. It is always a pleasure to visit with your colleagues from all over the state. We saw a lot of research in progress, the results of which will make for better farming and family living some time in the near future.

I would like to give you some information about some of the things we saw. Contrary to the opinions of some, the university is far out in front in research in many fields. The first pipeline milker was installed in one of the dairy barns at the university over 10 years ago. At that time some people thought the idea quite ridiculous. We have seen this system of milking become very popular and one of the great avenues for improving efficiency in the dairy business.

There is a lot of research going on in the university in the utilization of farm products. Some folks have been concerned about research in the production end of farming. They say we are able to produce too well already, as evidenced by the huge surpluses. Production research will and must continue. This will enable us to increase efficiency and improve the standard of living. The work on new uses for various farm products of times back fires so it is not a cure-all either.

Utilization research on wool laid the foundation for the advent of such synthetics as dacron, nylon, and orlon, which turned out to be regular competitors for the nature's fiber, wool.

Other dairy research includes: milking meters, to assist measuring production of individual cows in pipeline installations, improved milking methods, silage versus green chop or zero pasture, and nutrition studies.

the floor of the loading area. It is all push button. Many crops experiments are

being carried on at the University South farm. I won't elaborate at this time, but will pass on a few of the most interesting ones to you: Present studies include high oil and high protein corn, corn hybrids for thick planting rates, and careful study of dwarf corn, new oat varieties, nitrogen studies as to type of material, liquid, powder or granules; gibberellic acid on soybeans, use of oat silage, how much nitrogen leaches from the ground during the growing season, and new chemicals for weed control.

If you are interested in further information on any of these projects, write down the date "Sept. 11," which is a field day at the Agronom, South Farm.

Preliminary results of the Drill Box survey show 42% of Illinois farmers are using Clintland oats, 34% are using Nemaha, and 15% Newton.

The conference was most interesting to me. I hope some of the topics mentioned above will stimulate many Cook County farmers towards having more interest in their own college of agriculture and visiting it often.

EDUCATIONAL AID
Educators have described corporation support of higher education as being of "revolutionary proportions." Financial aid to the nation's colleges and universities last year exceeded \$100 million. Much of the money comes from big corporations, and yet smaller business contributions were \$25 million more than in 1954, \$60 million above '50.

Saying "No" May Save Life

Who's to blame when a child is hurt or killed while riding with Dad on the tractor?

Actually it's Dad's fault, and maybe Mother should share a little of the blame, says O. L. Hogsett, extension safety specialist at the University of Illinois College of Agriculture. Unfortunately, placing the blame doesn't repair a broken body or bring a child back to life.

Children get such a thrill from riding on the tractor that Dad may think he's being good to the youngsters when he lets them tag along. Maybe he's done it dozens of times before with no serious consequences.

But look at the score in Illinois last year. Records show that more than 100 persons were injured by falling off or being run over by tractors, and more than 50 were killed. If you read the newspapers, you know that many of these persons were small children.

So, before you decide to be good to your youngsters by taking them on the tractor, ask yourself this question: "If my child wanted to play with a loaded gun, would I be good to him if I let him have his way?"

The answer, of course, is "no." The only way you can be good to your children when they plead, "Let me ride, Daddy," is to say "no."

Shelled corn for feeding may be stored at high moisture content in air-tight silos. Some farmers also store wet corn with apparent success in conventional silos by sealing off the air with plastic or other covers.

Frankfort

Rev. Erich Bizer, Erwin Lembke Are Attending Synod Conference

By KATHERINE HEISNER
Phone Frankfort 5187

The Rev. Erich Bizer with Erwin Lembke as a delegate are attending the Northern Illinois Synod conference at Elmhurst college Tuesday, Wednesday and Thursday of this week.

The Botherhood will meet at St. Peter's church on Tuesday evening, June 17 at 8 p.m.

Mr. and Mrs. Robert Fredin and family, Mr. and Mrs. Walter Minger and Mr. and Mrs. Raymond Hafka were amongst those who attended Open House Sunday at the Roy Fredin home in New Lenox which was held in honor of their son Ronald who was one of the Lincoln-Way graduates.

A birthday dinner was given for Clarence Deist Sunday at the Henry Landau home. The guests were, Mr. and Mrs. Harold Deist and family, Mr. and Mrs. Laverne Deist and family and Mrs. William Smith, all of Chicago and Miss Myrtle Klier.

Miss Roseann Deist of Chicago was a week-end guest of Miss Sharon Landau.

John Hendon of Midlothian is a house guest of Mr. and Mrs. Willard Burde this week.

Mr. and Mrs. George Schroeder, Mrs. William Hansen, Mrs. Emil Schroeder and Mrs. Mary Schroeder attended the birthday dinner of Emil Schroeder held at the home of his daughter, Mr. and Mrs. William White of Lockport on Sunday.

Mr. and Mrs. Lester Heisner spent Sunday as guests of Mr. and Mrs. Robert Bookwalter at Grayslake.

Mr. and Mrs. Glenn Schroeder entertained after the Lincoln-Way high school graduation last Tuesday evening. About 45 relatives and friends in honor of their daughter, Willa, a graduate at their home.

Guests of Mr. and Mrs. Donald Stephen last Wednesday evening for the birthday celebration of their son Darrell Lee who was two years old were Mr. and Mrs. Donald Auler and family of Villa Park, Mrs. Robert Niemann and family, Miss Barbara Niemann and Ted Dunham all of Mokena, Jean Hurd, Delmar Genens and Mrs. Elsie Genens.

Mr. and Mrs. Roderick Rainford, Roger and Katherine Heisner called on Mr. and Mrs. Harry Smith and Mr. and

tives and friends were entertained. After a social evening refreshments were served.

The United Cerebral Palsy of Will County wish to thank the people of Frankfort and Lincoln Estates for their contributions in the recent United Cerebral Palsy campaign.

The total amount received was \$318.17. Volunteers in Frankfort were as follows:

Mrs. Tony Laurie, chairman; Mrs. Charles McManimen and Mrs. Harold Cheney, co-chairmen; Mrs. Glen Christensen, Mrs. Ben Boswell, Mrs. Leslie Koenig, Mrs. Daniel Hecht, Miss Beverly Hedge, Miss Yvonne Hossbach, Mrs. Stanley Warning, Mrs. Harold Coles.

Volunteers in Lincoln Estates were: Mrs. Rudy Urbano, chairman; Mrs. Henry Zenek, Mrs. Jack Smith, Mrs. Calvert Heath, Jr., Mrs. Stanley Staton, Mrs. Emil Wille, Mrs. Steve Kubeck, Mrs. John Schwarz, Mrs. Lester Albrecht and Mrs. Donald Scates.

The MYF young peoples group will conduct a scrap

metal drive Monday, Tuesday and Wednesday, June 16, 17 and 19, Monday, June 16 they will collect on the north side of Nebraska st. and the next day, June 17, collect on the south side of Nebraska st. On June 19, they will collect in the farming district. The group will start collecting each evening at 6:30 with trucks. Those having scrap metal to give to this drive are asked to call Frankfort 3822 or 3481.

Perhaps the most tragic figure on the business scene is the executive who has the ulcers, but not the success to go with them!

PALOS HEIGHTS, ILL.

Some Day Accidents Will Run Out of Males-Then Look Out Gals!

More males than females are born each year in the United States.

Just why, then, are there more women than men later on in life? Why the female superiority—numerically, that is—when it comes time to find a husband.

"One reason," the National Safety Council says, "is because males 15-24 years of age—the age when they're either thinking of getting married someday or counting the days till the big event—are being killed in accidents almost five times as fast as females."

The Council isn't necessarily trying to promote matches between the sexes. It is concerned, though, with keeping people alive.

A recent estimate put the U. S. population at about 84,858,000 males and 86,371,000 females—about one and a half million more gals than guys.

Hey Man! Slow Down!
"Men have always died at a faster rate than women, perhaps largely because of the more hazardous tasks they undertake and their chance-taking nature," the Council said.

"But men, especially those in the 15-24 age group, are dying far, far too rapidly."

Statistics for a recent year turned up these facts on the 15-24 age group:

1. Accidents of all types take the lives of nearly five males for every female.

2. More than eight out of 10 persons killed in motor vehicle mishaps are males.

3. Almost seven out of eight persons killed in non-motor vehicle accidents are males.

4. The young people are seven times as likely to die in an accident than from cancer, the No. 2 cause of death to persons in the category.

Both sexes are living longer today than their grandparents did, the Council noted, but the so-called weaker sex has widened the gap.

Demand Exceeds Supply
Thirty years ago, the average white female lived about three years longer than the average white male. Today, she can expect to outlive her man by more than six years.

One reason women outlive men today, the Council pointed out, is because they have benefited more than men from discoveries and innovations in the medical field.

Another reason suggested by the Council: They have been more careful working and playing than men, and technological and social changes have made women's work easier and safer.

"Regardless of what stage of life you're at—the marriageable stage, the married stage or the aging stage—it's smart to keep your men alive," the Council said.

"Don't let your boyfriend or hubby overdo things, whether it's a minor repair job around the house or a long vacation drive."

"Make sure he keeps a light foot on the accelerator, and that he's not distracted into a collision by annoyances in the car or angered into an accident by a family spat."

"Keep the men alive gals—because the supply isn't keeping up with the demand."

From Editor & Publisher:
"The advertisers in this country . . . are not helping the current situation by curtailing their sales and promotion budgets with a 'let's wait and see' attitude. If advertising and promotion are supposed to do anything, they are to sell. How can they sell if they are not being used by the people who need them most at a time like this? The companies and the areas that are hard hit in this economic slump will not automatically and easily come out of it if they forget to try to SELL their way out."

The largest North American rodent is the Beaver.

Gotta Go? Not On Suburban Runs, Says ICC

(CNS)—An Illinois Central commuter has lost his battle with the railroad to provide toilet facilities on its suburban trains and station platforms between Chicago's loop and Richton Park.

The Illinois commerce commission dismissed the complaint of Howard M. Paul, 247 Sauk Trail, Park Forest, who contended his daily 32-mile 50 minute trip to the loop and back to Richton Park is too long without facilities.

In its order the state commission said no showing had been made that failure of the railroad to equip its trains and stations with toilet facilities is detrimental to the safety, comfort, health and convenience of the public.

The complaint is without merit, the order added.

A Really Big Expense
The order noted that lavatory facilities are now provided at more than 50 per cent of the suburban stations and that it would cost \$183,430 to provide such facilities at the remaining stations.

It added that the cost of providing cleaning and storage yard facilities at the Illinois Central's five yards would amount to an additional \$1,774,900.

At earlier hearings before the ICC in Chicago, railroad officials testified that it would be necessary to reduce the seating capacity of suburban trains if lavatory facilities were to be installed.

A petition signed by 223 commuters seeking the toilet facilities was presented at the hearings by Paul—an advertising copy writer.

The Illinois Central is seeking an average increase of 50 per cent in suburban fares at separate ICC hearings in Chicago.

The suburban service carries an average of 70,000 commuters daily.

STRENGTH FOR THESE DAYS
From The Bible
... for in Thee do I trust; cause me to know the way wherein I should walk... (Psalm 143, 8.)

When we seek Our Father's guidance in all we do or hope to do, surrendering in love our will to His, praying not once but many times daily for His direction and then obeying without question, we have the wonderful assurance that we will be doing what is right—that is best for all concerned.

One Thing About the Cold-Those +!\$? Flies Don't Like It Either

By ROBERTS MANN
Conservation Editor

Any small fly is commonly called a gnat or a midge, but flies of whatever kind are seldom popular, either large or small. True flies are insects with one pair of wings. Dragonflies, mayflies, stoneflies, fireflies, caddis flies and the like have two pairs of wings and are not flies. Some flies are useful as scavengers, and some help control destructive insects, but among the lot are most of the carriers of human diseases. The unpleasant habits of mosquitoes, house flies, deer flies, as well as certain gnats and midges, have given these Diptera, or "two-winged", a bad name.

Black Flies, also called Buffalo Gnats, make life unbearable from May to midsummer for loggers, fisherman, campers and vacationers near streams in the resort regions of our northern states, Canada and the mountains. From dawn until dusk, except in bright sunlight, swarms of them fly about your head and get into your eyes, ears, nose and mouth. The females suck blood and inject a poison which raises big welts that itch and ooze for days, usually on the back of your hands and neck. If numerous, these bites can cause headache, fever and nausea.

They Really Stab

The adults are stout, hump-backed, short-legged flies about half as long as houseflies. The female dives into a stream and glues several hundred eggs to an underwater stone in rapid water. There the developing larvae use a fringe of finger-like tentacles around the mouth to strain food out of the water. Sometimes a rock is so crowded with these maggots that they look like patches of greenish black moss. After a few days as a pupa, it bobs to the surface, bursts, and a new adult takes wing.

Sand Flies, Punkies, or No-see-ums are other names for the biting midges. They breed in ponds, streams and tree holes. Their tiny slender larvae swim like miniature snakes. In many places they are a greater nuisance than mosquitoes, because their bite is like a jab with a red-hot needle and they are so small that they can enter dwellings thru ordinary screens. Unfortunately, they are most abundant after black flies and mosquitoes have had their season, and in places where the scenery is most beautiful.

Hessians Final Winners

Frequently, near streams or lakes, we see great swarms of little insects dancing over the water, or clustered against lighted windows at night. They look like small mosquitoes, the males with large feathery antennae. They sing like mosquitoes, too, but they do not bite. There are True Midges. Dozens or even hundreds of species of them breed in fresh water where both the adults and their larvae are a major source of food for almost all kinds of fish. Mature larvae of the different kinds range from a tenth of an inch to over an inch in length and, in color, may be white, yellowish, greenish, bluish, pinkish, or very deep red. The last, known as the "blood worm", is collected and sold in pet shops to feed aquarium fish. It thrives in moderately polluted water.

The young of other gnats and midges are plant pests. The Fungus Gnats cause "wormy" mushrooms. Others produce rose galls, chrysanthemum galls and the cone galls on willow. The most destructive of these galls midges is the Hessian fly carried to America during the Revolutionary War in straw that the Hessian soldiers brought for bedding. Its annual damage to wheat, rye and barley is estimated at nearly a hundred million dollars.

You can't ignore the naughty gnat or the mighty midge.

Association for Mentally Retarded to Sponsor Dance

The Suburban Southwest Association for the Mentally Retarded will hold the annual dinner dance on Saturday, June 14, at 8:30 p.m. in the Steven Foster room of the San Mar restaurant, located at 2535 W. 95th st., Evergreen Park. Music for the Plantation ball will be furnished by Bob Leonard's orchestra and a buffet supper will be served.

Proceeds from the affair will go for the benefit of the school which the association sponsors for trainable mentally handicapped children. Classes are held in the First Congregational church, 9411 S. 51st ave., Oak Lawn. There are 33 children enrolled and there are three teachers.

Tickets for the dance may be obtained from Mrs. Elizabeth DeYoung, 17130 S. Harlem ave., Mr. and Mrs. Fred Zimm, 6542 Riverside drive, both of Tinley Park, or Mr. and Mrs. Owen Homering, 143rd and Wolf rd., Orland Park.

SCIENCE IN YOUR LIFE

No Acne Tomorrow?

What causes acne? "Nearly all evidence points toward androgen," says Dr. H. Hanford Hopkins, a Baltimore physician. Androgen, a hormone produced by the body in quantity during adolescence, steps up the oil secretions just below the skin, causing blackheads—and acne. Some day, Dr. Hopkins is certain, we will have a pill, probably a hormone, that will prevent this.

Meanwhile, acne is a serious problem to every youngster with a blemished skin—and to his parents. In *Quarterly Review of Pediatrics*, Dr. Hopkins warns against dismissing the problem with the phrase, "You'll outgrow it." Proper treatment can often control acne and prevent scarring. Your doctor can do a great deal in many cases. Dr. Hopkins recommends sunlight and sunlamp, frequent careful cleaning of the face and scalp, use of prescribed lotions, and extra vitamin A to keep mild acne under control.

In more severe cases, Dr. Hopkins suggests sulfa drugs or Terramycin capsules in low doses. When acne defies all other efforts, he says, low-dose x-ray treatment may help.

Other authorities recommend multiple-vitamin supplements, attention to possible allergies, reduction of fatty foods in the diet and minimum use of greasy cosmetics. Doctors agree that self treatment—squeezing blackheads, for instance—can only make acne worse. Dr. Hopkins believes that in the near future, we will have a simple local treatment, based on new knowledge of the body's hormone system. Let's hope his prediction comes true—soon!

estimated at nearly a hundred million dollars.

You can't ignore the naughty gnat or the mighty midge.

Business and Finance

By MAURICE P. ANGLAND

The June issue of the Federal Reserve Bank of Chicago indicates that it is likely the recession has reached its bottom and is starting an upward trend in general business. The report states that business is taking on some of the earmarks of a "rolling adjustment" in which increases in some industries are rising while some others are declining or static. The general trend, however, being upward.

The bank emphasizes that the U. S. economy today has many built-in stabilizers which make a depression such as that of 30 years ago, most unlikely. The bank expresses the belief that the present uptrend will continue.

The automobile industry has been a soft spot in the economy and the major firms do not expect any substantial upward trend for several months. General Motors officials point out that the automobile industry has been affected to a greater degree than any other segment of the economy because automobiles are durable goods and purchase can be deferred temporarily. It reflects a "wait and see" attitude rather than lack of purchasing power.

Chrysler is expected to report substantial loss in the first six months of this year. Ford is expected to break about even and General Motors to show a small loss in its automotive production. The situation as regards Chrysler could be more serious. The automotive situation is going to take longer work.

WAYNE C. OSTLING, assistant vice president of the First National Bank of Blue Island, is the new president of the Southern Cook County Bankers Federation.

out period than some industries.

A leading investment service used an investment quiz to bring out the strength of the present securities markets. The following set forth replies to queries in the quiz;

1. The American population is expected to show a very substantial growth in the next five years.

2. The Americans and most of the world's peoples will live better and buy more of everything, in the next several years.

3. Scientific discoveries will come at an even faster pace in the next ten years than they have in the past decade. Such discoveries are making some plants and equipment obsolete and forcing plant expansion and changes to compete. Some of the large industrial firms find that half or more of their sales are in its items not manufactured until after World War II.

4. The long term thrust of the economy is definitely upward. Population increases

and scientific discoveries are forcing the general economy upward.

5. In the long run, easy money will force use of borrowed funds to expand business activities of all kinds as the margin between charges for such borrowed funds and the cost of borrowing (interest) widens. This action is an axiomatic and normal.

6. Inflation is a very important feature of the economy as the alert investor tries to protect purchasing power rather than the dollar sign as a bookkeeping symbol. An investment that does not protect the purchasing power of savings, is an undesirable investment.

On the basis of history and indicated probability, more inflation is inevitable. History

shows no reversal of an inflationary trend except for short periods during which we have what is known as a depression when purchasing power increases rather than decreases. This is never a continuing condition.

Common stocks offer about the only investment which actually protects against depreciation of dollar valuation decline. Of course the best grade stocks are the best protection.

Surveys show that beef is the favorite meat of most men. So the American National Cow Belles, an organization made up of the wives of the members of the American National Cattlemen's Association, are undertaking a "Beef for Father's Day" promotion.

Marley

Missionary Society Will Bring Gift Boxes to Meeting June 18

By VIRGINIA SASS
New Lenox 3133

The Missionary Society will meet June 18 at 1:30 p.m. in the Marley church. Mrs. Russell Lauffer will have the devotions and the program, "Love Gift" will be presented by Mrs. Charles Sass. The hostesses for the afternoon will be Mrs. Durward Killinger, Mrs. Robert Sproat, Mrs. Alfred Sproat, and Mrs. William Martin. Members are to bring their love gift boxes to this meeting.

The Marley BYF have changed their meeting date. The group will meet regularly on Tuesday evenings.

The Freeman Fellowship are sponsoring a potluck supper in honor of Mrs. William Bingham of Nebraska, at 6:30 o'clock, Sunday night, June 15 in the Marley church. Everyone is welcome to attend.

Mrs. Richard McCarthy entertained the Twelve Trumps in her home Wednesday night. Prizes were awarded to Mrs. Margaret Volz, Mrs. Charles Ingram and Mrs. John Riley. After the games refreshments were served.

Mr. and Mrs. Durward Killinger entertained at a dinner party in their home Sunday evening in honor of the first birthday of their little daughter Susan Dell. Guests were Mr. and Mrs. L. D. Killinger of Joliet, Mr. and Mrs. Robert Sproat and children Laurei and David and Mrs. Alfred Sproat.

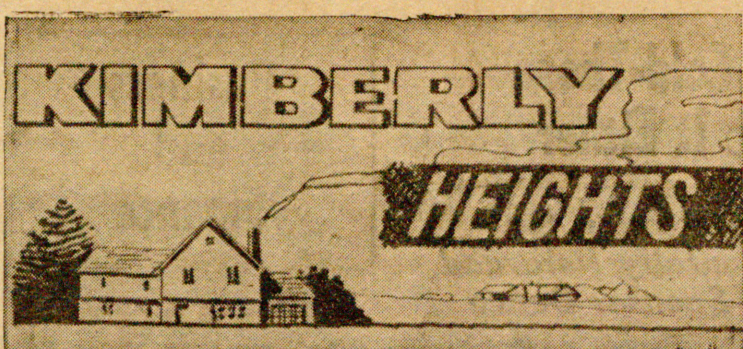

Mr. and Mrs. William Martin and family motored to Champaign Sunday afternoon where they were guests of Mr. and Mrs. Leo Martin.

Larry Sass is spending two weeks at the YMCA camp in Wisconsin.

Mr. and Mrs. Glenn Peterson and Mr. and Mrs. Loren Sass and daughter Verda and Mr. and Mrs. Carl Johnson of Frankfort were dinner guests of Mr. and Mrs. George Naden of Oklahoma City, at Midway Airport in Chicago Tuesday. The Naden's were en route to a Barbershop Quartet convention in Ohio.

Mr. and Mrs. Russell Lauffer entertained at a dinner in their home Saturday night in honor of the fifth birthday of their son David. Guests were Mr. and Mrs. Charles Lauffer.

Weeds are a worse threat to farmers than bug or blight. They cause a staggering loss estimated at \$5 billion a year, and reduce crop yield by 10 per cent. New herbicides, perfected in oil industry laboratories, are proving effective in reducing the damage, and the search for still better ones goes on.

By MRS. H. E. DONOVAN
There must have been some hectic though happy days in the Joseph Vogler household at 16480 Beverly, with two graduations in one week, followed by a party with between 50 and 60 guests. Joan was graduated from Bremen High last Thursday evening, while Nancy's graduation from Ascension School in Harvey, which she has attended from kindergarten on, took place on Sunday afternoon.

I thought the girls looked very learned in their blue and gray caps and gowns, as they adjusted their mortarboards and tassels to just the right position before dad snapped their pictures on the lawn.

We all hope that by the time this reaches print Mrs. Joseph Popp, of 16320 Mark Lane, will be well enough to return home from Hazelcrest hospital, where she underwent surgery Friday.

If you think you're seeing spots before your eyes, you may be right, as the measles bug has been busy among the younger generation, with Bobby Herbert, Janice Schueler and the Witte children his recent victims.

Mrs. William Schueler and the other girls in her office were guests last week at a dinner in the Sabre Room, given by their employer, the America Box Company. Lois had some interesting comments on the special lighting effects there.

Cub Scouts of Pack 255 had a beautiful day for their picnic last Saturday in Bettenhausen Woods. Considering the amount of sandwiches, potato chips, pop and ice cream consumed, it was difficult to imagine anyone being able to do any racing—especially three-legged, sack and wheelbarrow races—but our boys performed nobly and even carried off a few prizes. Bob Orsinger won two—a bat and a ball, and Larry Donovan a swim mask. Larry also graduated that day, receiving his Webelos arrow and diploma.

The parents had a water balloon toss, in which the Robert Kleckas and the Ivo Mersmanns took part, demonstrating amazing dexterity, till at last the water-filled balloons burst. Then it really was time to go home.

Harold Donovan of 6320 Kimberly says that he has been in things electrical ever since he can remember. Anyway, he has been a member of Local 134, I.B.E.W., for the past 32 years, during which time he has worked on the construction of most of the major industrial sections of the south side of Chicago.

In the early years of their marriage, before the arrival of son Lawrence, he and Mrs. Donovan traveled to various parts of the country on construction jobs. They spent over a year in Indiana, several months in the Lone Star state,

a never-to-be-forgotten summer in Colorado Springs, a short time in Madison, Wis., then a winter in California, and finally came back to their birthplace, Chicago.

Harold can tell some hair-raising tales of his experiences as operator of what was then the largest electrical advertising sign in the world, on the Outer Drive in Chicago. The general public is probably not aware that the men who keep those huge signs flashing their messages of what cars or whiskey to buy, and the exact time and weather, are called upon to perform in their daily work stunts to rival any steeplejack.

Mr. Donovan is at present employed as electrical foreman by a firm which is installing ore bridges for unloading iron ore from lake vessels. He hopes, when he has finished all the chores that go with a new house, to be able to indulge in his outdoor hobbies of hunting and fishing, and to realize a pet dream of his, that of building a small cabin cruiser.

In her white collar girl days, Evelyn Donovan was secretary to the treasurer of a mining machine company in Chicago, and later during the war served Uncle Sam in the U. S. Treasury Department. More recent years have flown by, filled with church and school activities, Cub Scouts, and all in the things with which mothers become involved.

The third member of the family, Larry, is a 6th grade

Dr. A. D. Miller
Dentist
Phone New Lenox 2861

pupil at the St. George school and, like most 11 year old boys, is having a wonderful time all the time.

A very "gabby" parakeet named Tweety and a gold fish of phenomenal intelligence complete the menagerie—or should I say menagerie?

A Western railroad recently announced the discontinuance of two passenger trains. The reason: It costs \$1,800 a day to operate them—and they carried an average of only one passenger per trip.

The National Association of Manufacturers points out that the Department of Agriculture plans to spend \$756 million to remove farm land from production under the soil bank

program—and that, at the same time, the Bureau of Reclamation wants to spend \$216 million to get more land ready for production by building dams and irrigation systems.

A Trendex News Poll asked what is most to blame for juvenile crime. A heavy majority—71.3%—gave parents' failure as the primary reason.

Garland Blevins Home on Leave; Serving With Army in Germany

By MRS. EMIL WILLE
Phone Frankfort 3181

S. P. 3 Garland Blevins, who is stationed in Germany with the armed forces, is home on leave. He and his wife and two sons spent a few days with his grandparents, Mr. and Mrs. Taylor Blevins in Arkansas. On their return they visited relatives at Lebanon, Mo. They also stopped at Fort Leonard Wood where Garland had been stationed, visiting with some buddies there. SP 3 Blevins will return to Germany for three more years of duty.

Mr. and Mrs. J. C. Vaughn and children visited the former's brother, Mr. and Mrs. Grady Vaughn and family of Shelbyville, Tenn. on Memorial Day. On the way home they visited relatives of Mrs. Vaughn.

Miss Rosemary Ritt, daughter of Mr. and Mrs. Walter Ritt, won two box seat tickets to the Cubs-Giants ball game, in a recent contest. She and her dad attended the game on May 24.

Rosemary, who graduated from Ann Rutledge school May 29, was feteed at a party following the graduation exercises which were held at Lincoln-Way high school. Guests who attended were Mr. and Mrs. Mark Mareno, Mrs. Phil LaRocco and Patricia LaVan.

Mr. and Mrs. Thomas Arendt have bought the home formerly owned by the late Richard James. They moved in over the weekend. They have three children: Johnny, Sandra and Tommy.

Robert Nicholson, son of Mr. and Mrs. Dwight C. Nicholson, arrived home from California. He is employed by the C. and S. Construction Company.

Mr. and Mrs. Dwight C. Nicholson and sons John and Jimmie, with 14 other relatives, visited in Chicago May 31.

This is the annual session of all ministers and lay delegates from each local church. Mrs. Howard Creer is Lay Delegate for the Orland Methodist church.

Last Friday, the Orland fire department was called to extinguish a fire on a tire on a trailer on 159th St., three miles east of Rt. 45.

Frederic L. Guldin, son of Mr. and Mrs. Verne L. Guldin of 8441 Hillcrest dr., Orland Park graduated from recruit training May 24 at the Naval Training Center, Great Lakes.

The graduation exercises, marking the end of nine weeks of "boot camp", included a full dress parade and review before military officials and civilian dignitaries. After nine weeks of instruction a recruit is ready for duty with the fleet.

Marine Corps headquarters announces the promotion of Van E. Enblom, son of Mr. and Mrs. Eric F. Enblom, of Oakley ave., Orland Park, to Corporal, while serving with the 3rd Marine Air Wing.

with Mr. Nicholson's brother-in-law, Charles Colahan, who was home from the hospital for the holidays. He had to return to the Woods Veterans hospital at Milwaukee, Wis., where it is expected he will be a patient for some time. Celebrating his 17th birthday the same day was Johnnie Nicholson.

Mr. and Mrs. Jack Newton, Mrs. Lois Serres and children and Robert Nicholson, spent the week-end at Kentwater, Mich. visiting their grandmother, Mrs. Anna Heaster.

Mrs. Donna Carter entertained at a party in honor of her son Donald, who graduated from Lincoln-Way high school. Attending were Mr. and Mrs. Charles Rose and daughter Beth, Mr. and Mrs. Harold Sage, Mr. and Mrs. Les Sanstlebon and daughter Norma, of DesPlaines, Mrs. Steve Studnicki, Elaine and Ronnie, also Donald's grandparents, Mr. and Mrs. Frank Carter and his sister, Gail Carter.

Mr. and Mrs. Robert Wheeler and family attended the 8th grade graduation exercises at St. Marys school in Mokena Sunday night. Mrs. Wheeler's nephew, Thomas Marcoux, was one of the graduates. Later they attended a party in the home of his parents, Mr. and Mrs. Leo Marcoux.

Cub Scouts Visit Riverview Park

By DOLORES ANDERSON
Phone New Lenox 3651
Cub Scout Pack 41, with their den mothers, Mrs. Fred Newsome, enjoyed an outing Cortright, and Mrs. Vernon Wednesday to Riverview Park in Chicago.

The Cubs will meet thruout the summer months on Wednesdays. At their last meeting the Cubs made gifts for their dads for Fathers Day.

At the Pack meeting Friday June 20, they will enjoy a weiner roast, and outdoor games.

Mr. and Mrs. Walter Slater and son of Bement, Ill. were guests here for the weekend of Mr. and Mrs. Robert Taylor and daughters.

Dr. and Mrs. Ralph Wright and children spent the past

week end in Trivola, Ill. with her parents, Mr. and Mrs. William Stalter. Steve, Jeff, and Alison Wright remained in Trivola with their grandparents for a few days.

Randy Konkel, son of Mr. and Mrs. Leonard Konkel, celebrated his 10th and golden birthday anniversary Tuesday. His grandparents, Mr. and Mrs. Harry Baher and son of Joliet were dinner guests for the occasion.

Mr. and Mrs. Al Kalmer have returned home from a trip to Pennsylvania where they visited with relatives.

Bobby Newsome, son of Mr. and Mrs. Vernon Newsome celebrated his 9th and golden birthday anniversary Monday of this week.

Dr. and Mrs. Ralph Wright and family moved today to their new home in Rochester, Minn.

The Schmul school annual picnic which was to have been held Sunday at the Van Horn woods, was held at the school instead due to the rain.

Some 15,000 physicians will attend the 107th annual meeting of the American Medical Association in San Francisco next June. This convention, the largest of its kind in the world, offers an opportunity for doctors to catch up on hundreds of aspects of rapidly-changing medical knowledge. Five hundred doctors will present scientific papers or participate in symposiums and discussion groups.

Mr. and Mrs. A. C. Kay Will Celebrate Golden Wedding June 22

By MRS. SHERMAN KNOX
Fieldbrook 9-0211

Mr. and Mrs. A. C. Kay of Orland Park will celebrate their 50th wedding anniversary on Sunday, June 22. Open house will be held in the church parlors of the Methodist Church in Orland Park, from 2 to 5 p.m. and all friends and neighbors are cordially invited to attend.

The Adult Bible class of the Methodist church will hold their bake sale at Loebe's store, Saturday, June 21 at 1 p.m. This is to correct an error in date printed last week.

The regular meeting of the Auxiliary to the Orland Volunteer Fire Dept., will be held at the home of Mrs. Hilda Nitsche, Monday evening, June 16 at 8 p.m. All members urged to attend.

Christ Lutheran church will conduct the daily vacation bible school the week of June 16-20 inclusive from 9 a.m. to 11:30 a.m. in the church school building.

Children of all grades including the nursery school age and those having no church affiliations are welcome to attend. A good program is in store, refreshments will be served during the recess period.

The school will open with a brief devotion in the church at 9 a.m. and continue in the school building. Open house will be held on Monday evening, June 23 at 8 p.m. with a display of the work accomplished at the vacation school. Father's Day, June 15 will be observed at the regular church service at 10:00 a.m. in Christ Lutheran church. The Sunday school children will sing at this service.

The Orland Park Bible church daily vacation bible school begins June 16 and continue thru June 27, from 9 a.m. until 12 noon. Children four years old and up will be registered. The sessions will be held in the old Doctor school house on 159th st. The program theme, "Adventures on the Sea of Life". In connection with the theme—Life is filled with many exciting adventures but these adventures will only lead to disaster if we are hearing in the wrong direction. The Lord Jesus Christ is the only one who

the Rev. Henry Grishkowsky of Hanover, Ill. were guests of Mrs. Lottie Hermanson of Palos Park, sister of Mrs. Hyink, last week. Mrs. Hyink is a former resident of Palos Park. They also called on Miss Rose Enders, in Orland Park.

Mrs. Myrtle (Royale) Glahn of Hinsdale was a guest of Miss Rose Enders one day last week.

Mrs. Clara Reilly is being congratulated on the birth of a granddaughter, Wednesday, June 4th at Little Company of Mary hospital, Evergreen Park. The infant weighed 4 1/2 lbs. and has been named Linda Marie. Her parents are Mr. and Mrs. Arthur Wiseman of New Lenox. Mother is the former Rose Mary Reilly. Mother and daughter doing fine.

After the 8th grade graduation exercises Tuesday evening, relatives gathered at the home of Mr. and Mrs. Melvin Doogan for refreshments in honor of Kathy, who was one of the graduates.

Mr. and Mrs. Harry Heiting attended a "farewell" party in honor of Father John Beckman of Gary, Ind. who leaves for the "Pilgrimage to Europe" shortly. The party was held in Crown Point, Ind. and given by Mr. and Mrs. Ralph Geison and Lt. Col. and Mrs. Bernard Beckman of Washington, D. C. Lt. Col. and Mrs. Beckman were guests of Mr. and Mrs. Heiting last Wednesday and Thursday.

The Rock River conference of the Methodist church will meet at the Wesley Methodist church in Aurora, June 23-27.

can successfully guide all of our adventures on "The Sea of Life."

The closing demonstrations will be held Sunday, June 29 at 7 p.m. in the Doctor school, the program title "Festival of Ports" and in keeping with the nautical theme the vacation bible school staff members and pupils are given appropriate titles:

Chaplain, Rev. L. R. Reeser; Skipper, Donald Anderson; 1st Mate, Mrs. Lester Starr; 2nd Mate, Leland Beckert and Mrs. Fred Medendorp, Mrs. Harold Moe, Mr. and Mrs. James C. Smith; Cabin Stewards, Violet and Rosalie Wiglein, Dennis and Mary Smith, George Bayer, Mrs. Halvorson and Pat Johnson.

Anyone in the community is welcome to enroll in the school and are welcome to attend the closing program.

Members of the WSCS, Esther, Ruth and Mary circles of Orland Park Methodist church and friends, surprised Mrs. Robert Plastow with a "Baby Shower" Wednesday evening, June 4 in the church parlors. The honored guest received many beautiful and useful gifts for the coming blessed event.

The Church school picnic of the Methodist church which was to be held Sunday, June 8 at the Andrews Corp. picnic grove, was postponed until further notice on account of rain.

Homeowners Association to Erect Additional Sign Posts on 173rd St.

By RUTH UITTO
Phone KEillogg 2-3038

Members of the Property Owners Association will install and paint additional sign posts on 173rd st. The work will be done by Leonard Wolfson, Albert Richard, and Ivan Snyder. The latter and Louis Flood are supplying the paint and galvanized metal for the job.

Mary Seppa and Ruth Uitto will make signs to complete the recent community improvement project.

This and other matters were discussed at a recent meeting of the Association.

President Wolfson reported that Oconto, Odell and Oketa sts. have not yet been formally annexed to Tinley Park.

The members voted to print a questionnaire of interest to all residents pertaining to public improvements in the area. Questions regarding sidewalks, street lights, sewers, and other improvements will be answered.

The Association now has a permanent mailing address at 17250 Ozark ave. All correspondence be received there daily.

The Flood family, who have been very active in community affairs will be missed. Mr. Flood rejoined the Navy and expects to be sworn in next month. Mrs. Flood and the two children plan to move to Warwick, Rhode Island on June 26, to reside near her family.

The extent of their community efforts was evidenced by appointments which had to be made to replace them in the Association. Mrs. Agnes Peters was appointed chairman of the entertainment committee to replace Mrs. Flood. Joseph Yokely will serve as vice president; Lester Rockrohn on the board of directors, and Ruth Uitto as editor of the community paper.

Thanks were expressed to Bert Fuller and Dorothy Goble for printing tickets and posters for the recent successful games party.

The Association will resign from sponsorship of the Teen club at the latter's request. However, they will be available for any help the club may need.

Cub Scouts of pack 256 and their families enjoyed a wienner roast Saturday at the Goble home. Games were played and a singing session enjoyed.

The Walter Hooze garage on Oriole ave. was the scene of a hand puppet show Thursday, which was produced and directed by Jill Jones, Peter Oehman, Arthur and Lester Hooze and Scott Flood. About 50 children paid pennies for the show and refreshments.

After a two-month recuperation, Walter Hooze returned to work this week.

Ted Bell will be spending several weeks at home resting after his recent trip to Silver Cross hospital.

The Laurence DeWinter family has moved to LaPorte, Ind. Charles Frye and S. J. Staal of Chicago spent ten days fishing at Three Forks, Montana. They reported a catch of over 35 fish. Don't know how they did it with the worms left at home for Mrs. Frye to care for.

The 10-month old son of Mr. and Mrs. Albert Richard of Oleander ave. had an unfortunate accident recently in which he injured the collar bone.

The Brookfield Zoo trip taken by the school children was enjoyed by them, also the adults who accompanied them, who were teachers, Mrs. R. Bagby and Mr. Clark, also the Mesdames Arthur Graefen, Floyd Cammire, Robert Oehmen, William Goble, Lester Rockrohn, James Flood and Louis Flood.

Four boys graduated from Cubbing to Scouting. The one present, Tom Javor, received his Webelos badge along with a graduation certificate and a Boy Scout handbook. The other graduates are Douglas Gibbons, Tom Rauch, and David Hirsch. Neighborhood Scout commissioner, Jack Redman, was on hand to welcome the boys into Boy Scouts. Congratulations boys. Good Luck. Other awards presented were: Laurence Dober and John Kraemer, Denner badges. Year Pins to Douglas Gibbons, Terrance Hunt and George Smith. John and William Gilling Gold Arrows. Corwin Andersen and Lyle Detalent, Wolf badge. Richard Picha Bear badge and Golf Arrow. John Miller Lion badge.

Bobcats David Waite and Emmett Power were welcomed into the pack by Chief Akela and his "tribe."

Music for the gala evening was supplied by a circus band and by George "Buddy" Smith and his accordion. Popcorn, hot dogs and pop were served to give the affair a real circus flavor.

—
NEIGHBORHOOD MEETING

The Tinley Park Neighborhood meeting was called to order at 8:15 p.m. on May 27, by Mrs. Ver Wey.

Mrs. Gordon Erskine reported on the square dance. The gross receipts were \$152.50 and the net \$147. The \$30 expense for the caller and rental had been paid out of the neighborhood treasury previously. A motion was made, seconded and passed that the neighborhood should stand this expense and send the entire sum to the Camp Manistee Fund. Mrs. Ver Wey turned in \$10.00 profit for the flowers sold at the dance. Troop 267 donated \$15 to be added to this fund, making the entire amount to be sent in \$172.

Mrs. Robert Klecka reported on the day camp situation. They are in very dire need of counselors and unless some more will volunteer, the intermediate section of Day Camp will probably have to be canceled, she said.

Registration for the swimming program in on June 14—all details appearing in the Signpost.

Mrs. Owens reported on the non-Scout survey she had made. She listed 192 girls between the ages of 7 and 14 who would like to be scouts in Tinley Park. Additional leaders are needed.

Troop 507 announced that at the flowerama they had been awarded a blue ribbon and a cash prize of \$5.

—
TROOP 587

Things are never dull at a Girl Scout meeting. Recently Mrs. Gunnard Johnson brought a litter of kittens to show the Scouts in Troop 587, Tinley Park. Such squeals of delight; however, many a mother had quite a different reaction when her daughter came home clutching a kitten. The kittens could not have found better homes, or more affectionate mistresses, especially since the troop has been working on the Cat and Dog badge. June 4 the girls hiked to Reker's Stables where they rode horses.

—
TINLEY CUB PACK

Cub Pack 253, Tinley Park had a circus pack meeting on May 29 at Zion Lutheran church.

Bill Smith and Bill Houle were the ringmasters presenting the acts. There was a strongman, a tight-rope-walker, clowns, acrobats, and trained seals. There was a two-headed Cub Scout, a fat lady, a bearded lady, a human dynamo (a plain Cub Scout). Some of the Cubs brought their wild pets, in cages, of course.

—
TINLEY CUB PACK 255

Cub Scout Pack 255 enjoyed a picnic June 7 in the forest preserves. The morning hours was spent playing baseball followed by the picnic dinner.

After dinner the following awards were given:

Wolf badge, Peter Simon, and Charles Fierke; Gold arrow, Peter Simon; silver arrow, Fred Haber, 3, John Brown and Peter Simon each one; Bear badge, Sanford Triphan and Michael Boer; Webelos badge, Lawrence Donovan and Robert Meyer and they are now Boy Scouts.

Pack 255 awards prizes according to a point system and the following were awarded prizes: Fred Haber, Richard Wilkinson, Jack Payne, John Panozzo, Walter Williamson, Mark Wichterman, William

PTA News

HIGH SCHOOL COUNCIL

At their recent planning session, the High School Council executive board, Illinois Congress of Parents and Teachers met with its new president, Mrs. Russell Foss in Carl Sandburg high school.

After deliberation and discussion of the purpose of council, the theme, "Communication thru Council" was adopted. Around this theme will be built the four meeting which this group is responsible for.

Tentative dates and topics are as follows: September 15, "Legislation;" November 10, "What About Our Schools?"; February 9, "Guidance, Scholarship, Spiritual and Academic;" May 11, "School of Instruction". Mrs. George Lundin of Palos Park, program chairman stated she would obtain speakers for the first three meetings. The school of instruction will be conducted by District 19 or State P.T.A. chairman. The advantages of a newsletter were debated, and because the group embodies eight high schools within its membership, it was decided this method of communication would be very feasible. Details of this project are to be worked out during the summer months. The newsletter is scheduled to reach P.T.A. units just prior to each council meeting. Publicity chairman, Mrs. P. L. Jochum will edit the letter.

By vote it was also decided all executive board meetings be held in Schools rather than member's homes.

At the close of the meeting, refreshments were served by president Mrs. Foss, assisted by Mrs. Lundin.

Ten years ago there were only two toll roads in operation in this country, with combined length of just over 200 miles, according to Tax Economics Bulletin. Now that mileage has been multiplied almost 15 times, and there are major toll roads in 16 states. Construction costs totaled 4 1/2 billion dollars.

Krueger, Allan Sorensen, Dave Johnson, James Burke and Brian Vandenberg.

Three legged races, wheelbarrel race, sack race, and balloon toss were played with many prizes awarded. The Cub parents entered into a balloon toss with prizes awarded to Messers, Laccabue, Boer, Fulton and Mrs. Boer.

Cub Master, Robert Meyer found a Boy Scout knife and a ball bat, the owner of which may claim it by contacting him.

—
On Monday afternoon, following the closing of school, Gary Bond entertained a group of his young friends at a birthday party at his home. They enjoyed a wienner roast and fishing in the Bond's private pond. It was strictly an outdoor party as Gary's sister Terri, is confined to her home with the mumps.

Tuesday afternoon Dean Anderson was host to many of the same boys when he celebrated his birthday with a hay rack ride and supper at his home. Each boy received many well enjoyed gifts.

The Good Luck Camp of Royal Neighbors will meet in Homer church social rooms on the afternoon of June 19. Hostesses will be Mesdames Katie Wies, chairman, Margaret Storm, Frances Kolar and Margaret Dollinger.

Two errors were made in reporting the graduates from LTHS last week; the name of Donald Wood was unintentionally omitted, and Muriel Stamm, who was named among the Homerites, is a Lockport girl. We beg pardon.

Students who received eighth grade diplomas at Ludwig school were: Kar-

Church Plans Father's Day Outing Sunday

By Elizabeth E. Anderson
Phone Lockport 886W2

Letters are being sent out this week telling of the Father's Day outdoor service to be sponsored by Homer church and Sunday school at Messenger Woodlands on June 15. It will combine Sunday school and church, beginning at 10:45 and followed by picnic dinner.

Sunday, June 8 was Laymens Sunday with the deacons in charge of the morning service. Children's Day will be observed on June 29.

The annual Spring breakfast and bakery sale will take place the morning of June 17 beginning at 9:30 o'clock. Tickets are available from Missionary society members who are sponsoring the affair.

The Country Champs 4H club met at the Northwest Homer Fire barn on Wednesday evening, June 4. Mary Snyder demonstrated the preparation of gelatin fruit salad. A conducted tour thru Marshall Fields store is planned for the near future. The next meeting will be June 18, when refreshments will be served by Judy Simmerman and Gayle Meyer.

Bonnie Mlynarik and Susanne Burcham accompanied the Mariner Scouts of Lockport on a Fox river canoe trip June 6 and 7.

On Monday afternoon, following the closing of school, Gary Bond entertained a group of his young friends at a birthday party at his home. They enjoyed a wienner roast and fishing in the Bond's private pond. It was strictly an outdoor party as Gary's sister Terri, is confined to her home with the mumps.

Thursday, June 12, 1958

from July 8 to 18. Sessions will consist of four days each week.

The Day Camp for Brownies will be held at Tinley Creek and for the Intermediates at Carlsen's Springs.

All of the girls attending camp must have physical examinations before being accepted. Adult leaders are also required to have physical examinations.

Dr. Thomas Cantwell and Dr. J. L. Gonzalez, both of Tinley Park, are offering their services without charge and are giving physical examinations to all of the girls.

The Girl Scouts will be transported by buses to the Day Camps, leaving at 9:00 a.m. and returning at 4:30 p.m. The girls do all of the cooking and have an opportunity to work on merit badges.

Rev. and Mrs. Hanson spent the weekend in Chicago. Mr. Hanson will receive his diploma from Chicago University and also from the seminary.

Faye Rodgers, Alma Lauffer Cheryl Sass, Ruth Benck, Edna Mae Burcham and Betty Anderson participated in the Bacalaureate service at Lockport High school last Sunday.

Mr. and Mrs. Joseph Mlynarik and daughter Bonnie, spent last weekend with relatives in Wisconsin.

on different projects. Giving assistance to the Scouters in this respect will be a forest preserve naturalist.

Adult leaders in Tinley Park who are serving at Day Camp are Mrs. Irwin Johnson, general site chairman; Mrs. Elmer Knudsen, site chairman; and Mrs. Robert Klecka, assistant director at Carlsen's Springs.

A nominal charge is paid by the Scouters, with the remainder of the cost of operating the Day Camps being met with funds from the annual cookie sale.

Alfalfa management studies at the Urbana and DeKalb experiment fields have shown that a four-cut schedule produced 4.27 tons and acre compared with 5.27 tons an acre from a three-cut schedule.
